

How To Verify if Your Listed DBE Firms Are Certified

To be certified as a Disadvantaged Business Enterprise (DBE) and receive credit for DBE participation on a DOT-assisted (federally funded) contract in California, a firm must be certified through the California Unified Certification Program (CUCP).

1. To confirm if a firm is DBE certified through the CUCP, visit the DBE Search page on the Department of Transportation Website at <https://dot.ca.gov/programs/civil-rights/dbe-search>

2. Click the "Access the DBE Query Form" link:

3. Click the "Start DBE Firms Query" link which will take you to the DBE search page.

[Start DBE Firms Query](#)

4. The best way to confirm if a firm is DBE certified is to run a search utilizing their DBE Certification Number by entering it in the "Firm ID" box and clicking enter or "Search – PDF Results". Please

note, this certification number is specific to their DBE certification and other Small Business or Minority Business certification numbers will not work.

Disadvantaged Business Enterprise Firm Search

Note:

- If using the "Firm Name" for your search criteria and the DBE profile does not display, use the "DBA Name" search criteria to locate a specific firm if the Firm ID is unknown.
- The DBE Certification does not expire. Firms that do not continue to meet the DBE criteria are decertified and removed from the database.
- For BidBere: It is recommended that when making a query to locate certified DBEs for subcontracting opportunities, your search include, at minimum, "Work Categories" and "NAICS Categories".
- To report problems, email DBE_Certification@dot.ca.gov or call (916) 354-1700.

6. If you do not have their DBE certification number, you may also search by the DBA name or Firm Name by following the process above and entering the "DBA Name" or "Firm Name" instead of "Firm ID". Please note, that these searches by name are not as reliable. The DBA Name or Firm Name searched must match "exactly" to the DBA name or Firm name on their DBE certification. Often the names DBE firms include on their DBE certification differ from the firm name they use on a normal basis.

7. If searching by DBE Name or Firm Name, it is recommended to start by using just one key word in the firms name (e.g. if the firms goes by Jones Industrial Aluminum Coating, try starting your search with the name Jones or Aluminum Coating). This will provide search results for any DBE with the word in their name. The search results will appear in alphabetical order by firm name and may contain multiple DBEs, but will provide a greater probability of identifying a firm that is actually DBE certified.
