

# **CAMM Net User Guide**

**Doing Business  
With OCTA On-Line!**

**[www.octa.net/cammnet](http://www.octa.net/cammnet)**

Welcome to Orange County Transportation Authority's (OCTA) *CAMM NET* website. This is an online procurement system that will allow you to do business with OCTA electronically.

This manual was prepared as a step-by-step guide to assist vendors who would like to register with OCTA and participate in the procurement and / or online bidding process. The booklet was designed as a user friendly, straightforward reference tool. It is written in plain English, no technical jargon or computerese found here.

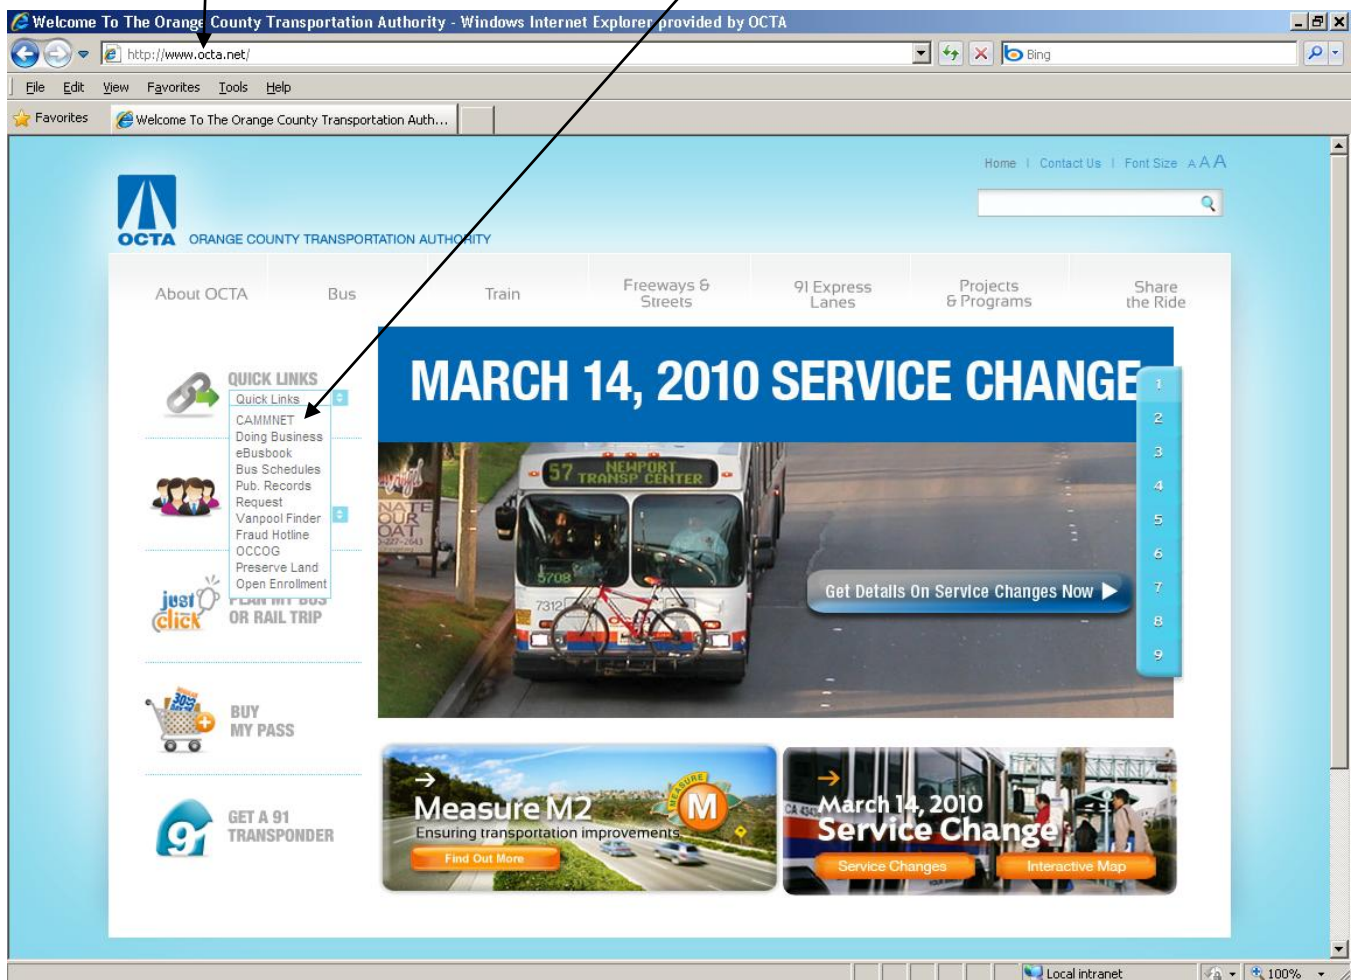

Whether you are a frequent or occasional visitor to the *CAMM NET* site, this manual is designed to help you maneuver through the various screens and answer your questions.

Hopefully you will find this manual and *CAMM NET* easy to use and become a regular bidder on OCTA's solicitations.

All vendors must be registered in *CAMM NET* in order to participate in procurement activity.

Go to **www.octa.net**

Click on  
**CAMMNET**

Select **Registration** or  
select the **Register** link.

**Welcome to CAMM NET**

https://www.octa.net/cammnet/vendorreg.asp

CamM NET - Vendor Registration

OCTA

Status: Logged out

### Why Register?

You must register on-line to do business with OCTA. Once registered, companies can:

- Receive e-mails of bid notices, addenda and bid awards
- Submit bids on-line
- [View](#) Vendor profile
- [Update](#) Vendor profile
- [Change](#) Vendor password

### How to Register? (PLEASE READ)

Registering with CAMM NET is free and easy.

Companies must provide a federal tax ID number (or social security number only if your company does not have a federal tax ID number) to proceed.

Please enter your

Federal Tax ID Number  -   
(Sample: 62 - 1234567)

OR

Social Security Number  -  -   
(Sample: 123 - 12 - 1234)

### How do I Unsubscribe?

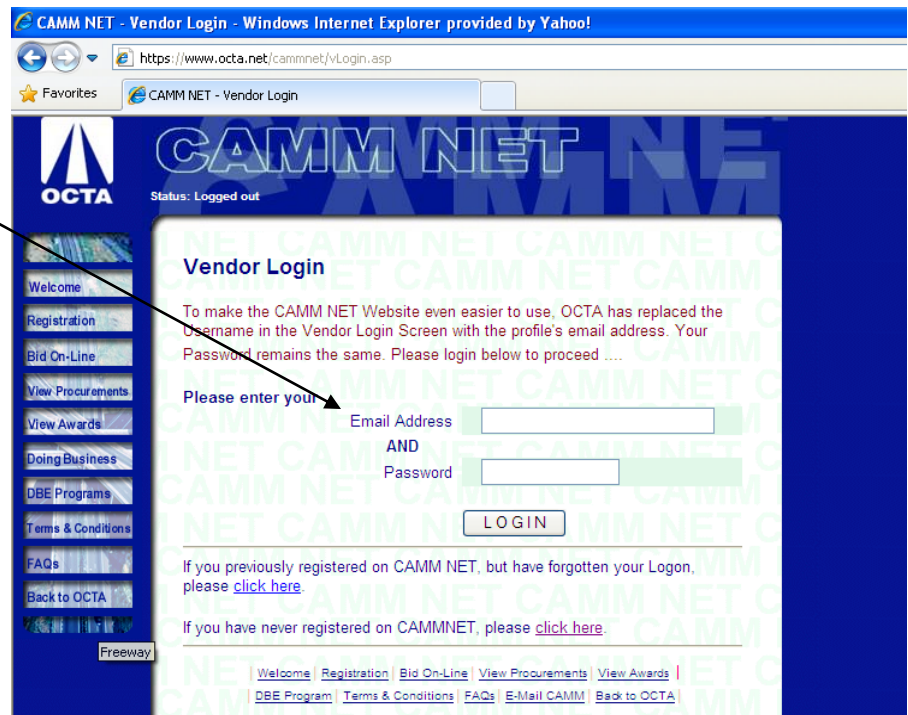

If you are no longer interested in doing business with OCTA and do not want to receive CAMM NET solicitation email notices, click [UNSUBSCRIBE](#).

[Welcome](#) | [Registration](#) | [Bid On-Line](#) | [View Procurements](#) | [View Awards](#) | [DBE Program](#) | [Terms & Conditions](#) | [FAQs](#) | [E-Mail CAMM](#) | [Back to OCTA](#)

If you selected **Update Profile**, this screen will appear. Enter your email address and password.

Select **LOGIN**.

**NOTE:**  
*Password  
is case sensitive.*

## FIRST TIME REGISTRANTS

If you are a new vendor registering for the first time, complete this form.

If you are a previously registered vendor, update and complete form.

**CAMM NET**  
Status: New Vendor Registration  
Step: 1/3

**1. BUSINESS INFORMATION**

Company Name \* (30 chars or less)

Santa Ana, CA 92704

**BRIEF DESCRIPTION:**  
Solicitation for Replacement Parts.

**INSTRUCTIONS:**  
Please provide your best price and lead time. The Authority will award to the lowest responsive, responsible bidder. The award of items identified on this solicitation may be split between suppliers based on the overall benefit to the Authority.

All freight costs to be included in the Bidder's price at the terms shall be F.O.B. destination.

Quantity and date needed are subject to change.

Vendor must bid stated manufacturer part. Brand names and model number, when used, are for the purpose of identifying a standard of requirement and are not to be construed as restricting the procurement to those brand names and model numbers called out.

Bidder must state manufacturer part and number. IF NOT STATED, LINE ITEM MAY NOT BE INCLUDED IN YOUR BID.

If bidding a brand other than that requested in the bid it must be pre approved as an approved equal. An approved equal must be fully supported with technical data prior to bidding. Once the Authority has reviewed the data, and if the part is accepted as an approved equal the Bidder can proceed to bid in future solicitation.

The burden of proof as to the equality, substitutability, and compatibility of proposed alternates or equals shall be upon the bidder, who shall furnish all necessary information at no cost to the Authority. Authority shall be the sole judge as to the equality, substitutability, and compatibility of proposed alternates or equals. Only approved equals should be entered on the bid and identify as such.

A faxed purchase order will follow. Bidder must comply with Guaranteed Delivery due date as specified for each line item awarded. Failure to meet this requirement may result in cancellation of the purchase order and re-procurement charges.

**SUBMITTAL INFORMATION:**

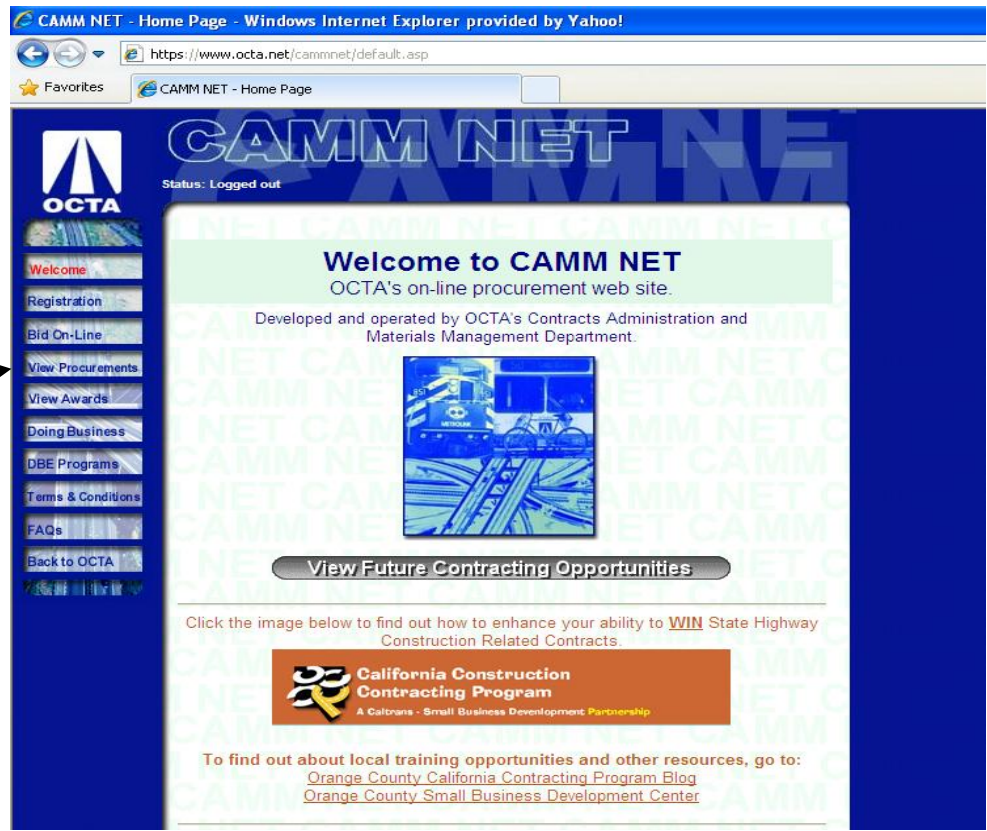

**SCOPE OF WORK:**

Your firm submitted the following bid response to this solicitation on 4/13/2010. Please review your bid, make changes (if necessary) and resubmit your bid.

Vendors awarded the contract appear here.

## Frequently Asked Questions

### **-What is CAMM?**

CAMM is the Contracts Administration and Materials Management Department within OCTA. CAMM is responsible for the purchase and sale of all goods and services at OCTA. All correspondence and negotiations of a contractual nature with vendors, suppliers and contractors are coordinated through and conducted by CAMM.

### **-What is OCTA?**

Click on <http://www.octa.net/about.asp> to learn more about Orange County Transportation Authority (OCTA).

### **-What services does OCTA provide?**

The Orange County Transportation Authority (OCTA) is a multi-modal transportation agency serving Orange County. To find out more about OCTA, click on the link below:

[http://www.octa.net/octa\\_profile.aspx](http://www.octa.net/octa_profile.aspx)

### **-What is CAMM NET?**

CAMM NET is the web-enabled procurement system initiated by OCTA to bring the procurement process on-line; to increase competition in its solicitations; and to develop a more accurate vendor database.

### **-Where do I begin?**

OCTA has developed the CAMM NET User Guide to help vendors become familiar with CAMM NET. If you have previously downloaded Adobe Systems Incorporated's free Acrobat Reader, version 4.0, you may view the [CAMM NET User Guide](#) on line. If you don't have the Adobe Acrobat Reader, you can download it free from Adobe [here](#).

If you would like to receive a printed CAMM NET User Guide, E-Mail your request to [cammadmin@octa.net](mailto:cammadmin@octa.net).

**-What goods and services does OCTA buy?**

OCTA contracts for the purchase of goods and services necessary to sustain its operation. This is everything from office supplies, buses, bus parts, automobiles and trucks, shop equipment and supplies, consultant services to construction work. OCTA's commodity code list provides a broad range of goods and services we buy.

**-Do I have to be a registered vendor before I can bid on an OCTA solicitation?**

Yes, you must be a registered vendor in OCTA's CAMM NET to obtain specific information regarding solicitations, receive addenda, and submit bids. You do not have to register in OCTA's database to view open solicitations, receive information about upcoming events, obtain Disadvantaged Business Enterprise (DBE) certification information or a DBE directory, view FAQs, and read OCTA's terms and conditions.

**-How do I let you know that my firm would like to be considered as a supplier?**

If you would like to be considered as a supplier by OCTA, register your company on CAMM NET by going to OCTA's homepage, "octa.net". Then click on the "Business Opportunities" box on the CAMM NET link. Once inside CAMM NET, click on the "Registration" button and follow the simple instructions which will guide you through the vendor the registration process.

Or, click on the link below:

<https://www.octa.net/cammnet/vendorreg.asp>

Registered vendors are notified of all solicitations within the specific commodity codes the vendor has requested notification on. It is the responsibility of the vendor to keep its business profile updated within the CAMM NET system.

**-What is a Vendor Profile?**

A Vendor Profile is information provided by companies when they register with CAMM NET, which identifies their business name, address, telephone number, fax number, and e-mail address. It also describes their business type, ownership information as well as the commodity or services they perform. Companies register and create a Vendor Profile in OCTA's database to obtain specific information regarding solicitations, receiving addenda and submitting bids.

**-Is there information available to assist vendors in registering on CAMM NET?**

The CAMM Department has user guides which can be downloaded from CAMMNET.

<http://www.octa.net/cammnet/files/userguide.pdf>

**-What if I have more than one sales office?**

The vendor registration allows you to identify the address for only one corporate office and another for a mailing address, if it is a different location.

**-What is a commodity code?**

A commodity code is a classification system that identifies, by categories, the primary services or products offered by a company.

**-How do I choose commodities for my Vendor Profile?**

Start with the categorical tables that list all the commodities within that topic. Choose a category or categories that describe what you sell. Then select the commodities which best describe the goods and services you provided.

**-How do I add or change the commodities I have selected for my Vendor Profile?**

To make a change to the commodity codes as well as any change to a vendor profile, you must access the [Update Profile](#) screen in the Vendor Registration Section. Once in the update section, change the appropriate fields, selecting the **NEXT** buttons and then the **FINISH** button. You will then be able to review a summary of your vendor profile. If your profile is correct, select the **REGISTER** button and your vendor profile will be updated.

**-How do I change my password?**

To change your password, a company will need to enter the [Update Profile](#) screen on the vendor registration page and enter a new password in the appropriate field on page 3 of 3. Remember to select the **FINISH** button after you have changed your password. You will be able to review a summary of your vendor profile. If your profile is correct, select the **REGISTER** button and your vendor profile will be updated.

**-What do I do if I can't remember my password?**

If you forget your password, you can go to the [Update Profile](#) screen and select "**CLICK HERE**". You must enter either your Federal Tax ID Number or Social Security Number. You will be asked to type the answer to the **Clue Question** which you entered when you first registered on-line. Once the answer is typed in, you will receive the last password submitted.

**-What are a Clue Question / Answer?**

A **Clue Question/Answer** is a question and answer that you provide as part of the vendor registration which is specifically unique to you and your password. The question acts in a similar manner to an ATM PIN. It should be a statement that would not be

available or known to others outside of your company. Its purpose is to protect you from someone else accessing your vendor profile.

**-I have registered on CAMM NET. However, I have not received any bid notices? Why?**

Solicitation notices will be sent via e-mail to vendors whose commodity codes match the solicitation's associated commodity or service codes. If you are registered, but haven't received any bid notices, the Authority has not issued any solicitations with your commodity codes. To update your profile's commodity listing, go to the Vendor Registration page and click on the "Update" link or use the link below:

<https://www.octa.net/cammnet/vendorupd0.asp>

**-What is a solicitation?**

A solicitation is the request or invitation by OCTA to vendors registered within a specific commodity code(s) asking them to submit a bid/offer to perform a particular work or service.

**-Will OCTA post all solicitations on CAMM NET?**

Yes, all solicitations will be posted on the CAMM NET. Only procurements whose dollar values are \$50,000 or less will be available for bidding on the Internet. Procurements over \$50,000 will be posted on the Internet; however, vendors will be provided directions for obtaining a Request For Proposals (RFP) or Invitation For Bids (IFB) package.

**-How do I know when a solicitation is posted on CAMM NET?**

Solicitations are posted on CAMM NET and vendors whose commodity codes match the solicitation's associated commodity or service, will be automatically notified by e-mail of the posting.

**-Can I change my quote/bid once I've submitted it?**

Yes, you may change your quote/bid and resubmit it as often as you wish prior to the closing deadline stated on the solicitation. Once the closing date and time occurs, the last bid you submitted will be locked in the system and can only be retrieved by the Contract Administrator upon opening quotes/bids.

**-How can I obtain a copy of an RFP?**

To obtain a copy of an RFP, register on CAMM NET and then you will be able to download it.

**–How do I obtain an addendum to the solicitation package?**

Addenda to solicitations that are available for on-line bidding will be sent via e-mail to all registered companies whose vendor profile includes commodity codes applicable to the solicitation.

**–If I am not awarded a procurement and want to know who won the award, how can I get this information?**

OCTA will post in CAMM NET information regarding the company that was awarded the contract or purchase order. In addition, you will be able to view the award price.

**–What is the estimated procurement lead time for an RFP?**

Acquisition time varies with the complexity and dollar value of the expected contract. Generally, it takes approximately 4 months to award a contract once it is advertised.

**–Does OCTA disclose the budget in the RFP?**

Budget information will be provided in the RFP and in the IFB.

**–Does OCTA provide a breakdown of the engineers construction cost estimates?**

OCTA does not provide a breakdown of the construction cost estimates. We provide the engineers estimate of the total cost in the RFP.

**–How are the weights for the evaluation criterion established?**

The determination of the weights for each evaluation criterion is on a case by case basis for each project. Prior to the release of the RFP the Project Manager and Contract Administrator will determine which criterion is more/less significant and then assign the proper weight to each.

**–Can I get a phone list of the Contract Administrators in CAMM?**

A Phone list of CAMM Contract Administrators and Buyers can be found at:

<https://www.octa.net/cammnet/Doingbusiness.asp>

**–What do we need to do to improve our chances of submitting a successful bid?**

Attend a monthly Vendor Orientation meeting, pre-proposals and public bid openings. Thoroughly review the IFB/RFP requirements, submit your bid or proposal on time, and request debriefings.

**-Can I obtain a copy of the winning proposal(s) submitted for an RFP?**

Winning proposals are public documents and must be requested from the Clerk of the Board's office. Please use the following link to contact the Clerk of the Board:

[http://www.octa.net/Contact\\_Us.aspx](http://www.octa.net/Contact_Us.aspx)

**-Do construction projects use "prevailing wage"?**

Construction projects do have prevailing wage requirements.

**-What will be the benefits to OCTA and vendors using CAMM NET?**

Both OCTA and vendors will save time, money and paperwork by the implementation of CAMM NET. Vendors will be able to access the system at their convenience, making OCTA's procurement process a 24-hour operation.

**-Is there a phone number or fax I can contact for help?**

CTA has made every effort to make this web-enabled procurement system as user friendly as possible. For questions regarding CAMM NET, interested parties can call (714) 560-5922, fax us at (714) 560-5792 or e-mail us at [cammadmin@octa.net](mailto:cammadmin@octa.net).
