*If the offeror does not receive award of the prime contract, any and all representations in this letter of Acknowledgment and Commitment shall be null and void.

This form may be used to fulfill the DBE Participation Commitment Letter requirement as stated in the RFP instructing that the "offeror is required to submit with the proposal a DBE Letter of Acknowledgement and Commitment signed and dated from each DBE acknowledging that the DBE is participating in the contract for the specified value and scope of work."

- This Form must be submitted for each DBE firm proposed and listed on the “Exhibit F-1 Consultant Proposal DBE Commitment” form
- Form must be signed by each DBE firm
- Value listed must match the “Total” value of proposed participation listed on the “Exhibit F-1 Consultant Proposal DBE Commitment” form
- Form must be submitted with the proposal

Good Faith Efforts (GFE) Requirements

- Proposer must demonstrate REAL and SUBSTANTIVE Efforts
- Proposer must have undertaken all necessary and reasonable steps to achieve the DBE goal that by their scope, intensity, and appropriateness to the objective of meeting the goal could reasonably be expected to obtain sufficient DBE Participation.
- Authority will consider the quality, quantity, and intensity of the different kinds of efforts undertaken by Proposer.
- Authority will examine GFE made by other Proposers, for the same solicitation, for comparison.
- A GFE Toolkit is available on CAMMNET for additional guidance.
<https://cammnet.octa.net/dbe/files/GFE%20Toolkit.pdf>

Requirements for Good Faith Efforts (GFE) When Goal Not Met

(refer to the DBE Information-Good Faith Efforts form in the RFP)

A. Items of Work the Proposer Made Available to DBE Firms;

The percentage of work made available should exceed the DBE contract goal

- The scopes of work made available should match what was listed on the proposer's Request for Proposal, Ad and solicitation e-mails
- Proposer should unbundle larger scope items to facilitate DBE participation.

Requirements for Good Faith Efforts (GFE) When Goal Not Met

B. Solicitation Effort Documentation;

- A reasonable amount of DBEs must be solicited from the available firms per scope area (NAICS/WCC) made available. If OCTA's DBE Listing includes 300 DBE firms in a NAICS or WCC category, contacting 50 firms would not demonstrate an adequate good faith effort in this GFE area.
- If Proposer prepares a summary sheet of written solicitations that occurred, evidence of the individual solicitations should be submitted with the summary sheet. A summary sheet and a template of the solicitation language does not demonstrate adequate GFE unless the individual solicitations are also submitted.
- Call logs must include type date, time and who was spoken to and results of the communication (e.g., interested, proposing, not proposing).

Requirements for Good Faith Efforts (GFE) When Goal Not Met

B. Solicitation Effort Documentation (continued);

- Proposer's should solicit firms at a minimum no later than 14 calendar days prior to the Authority's proposal due date and follow up to the solicitations should allow DBE firms reasonable time to respond.
- If a firm was contacted and identified to be interested or if no response was yet received, call-log or e-mail documentation must be included to show a timely follow-up was made.
- Proposer must include within their GFE documentation efforts to identify correct numbers or e-mails if numbers were out of service or e-mails were returned.
- DBE firms solicited must be advised if the original proposal due date has been extended.

Requirements for Good Faith Efforts (GFE) When Goal Not Met

C. Rejected DBE Proposal Documentation;

- Proposer MUST include quote(s) from rejected DBE firm(s), the quote from the firm selected for the work AND an explanation of why the selected firm was chosen over the rejected DBE.
- If the reason for rejection was “price” the quotes must be “like” in comparison? If the DBE was offered proposal items 1-5 and Non-DBE firm was offered proposal items 1-20, they may have an ability to offer a lower rate for items 1-5 as they can absorb the cost in other areas. These are not “like” quotes.
- If the reason for rejection was “price“, the cost differential should be greater than 10%? If not, it would be reasonable to conclude the proposer should have given cognizance to the goal and opted to go with the DBE.
- Proposer to provide efforts made (and documented) to communicate, clarify and/or bring rejected DBE firms on the team.

Requirements for Good Faith Efforts (GFE) When Goal Not Met

D. Publication Efforts Made to Advertise the Projects to Solicit DBE Participation;

- To demonstrate responsiveness in this area, proposer must not place publications on a media that requires a fee to view.
- Publications must be posted a minimum of 14 calendar days before the proposal due date.
- Publications must include information about the contract (location of project, contract number, proposal due date, scope of work made available and contact information.)
- If the proposal due date is extended, publication should be re-run to notify potential proposers are also notified.

Requirements for Good Faith Efforts (GFE) When Goal Not Met

Examples:

District 12, District Local Assistance Engineer: Tifini Tran at (949) 756-7805 or at Tifini.Tran@dot.ca.gov

Requirements for Good Faith Efforts (GFE) When Goal Not Met

F. Efforts to Provide Information About the Plans, Specifications, and Contract Requirements;

- Assistance should be documented in the publication and Proposer's Requests For Proposal.
- Proposer to provide e-mails or faxes to document assistance was provided.
- Efforts should exclude supplies and equipment the DBE subconsultant purchases or leases from the prime consultant or its affiliate(s).

G. Assistance with Lines of Credit, Insurance, and/or other Services;

- Assistance should be documented in the publication and Proposer's Requests For Proposal.
- Proposer to provide e-mails or faxes to document assistance was provided.
- Proposer to submit documentation of innovative measures to assist DBEs with bonding, lines of credit or insurance.
- Proposer should provide a link to the plans and specifications in their solicitation or document how plans and specifications were made available to prospective proposers by some other means.

Requirements for Good Faith Efforts (GFE) When Goal Not Met

H. Additional Data to Support a Demonstration of Good Faith Efforts;

- Any additional good faith efforts demonstrated that do not fall into categories A through G.
- The DBE participation commitment of the other proposers is the primary consideration for this category. The Authority will determine what the average commitment of the proposers is and if this proposer met that average. If the proposer did not meet the average, it can be reasonably assumed that their good faith efforts were not sufficient in this area.

Example:

- 1st proposer: 3% commitment
- 2nd proposer : 6% commitment
- 3rd proposer : 10% commitment

In the above scenario the average of the proposers is 6.3%, as the 1st proposer came in below the average, they did not sufficiently demonstrate good faith efforts in relation to the other proposer.

Bidders List

(refer to the Bidders List in the RFP)

- Proposer is required to complete and submit the DBE Form F-3 form (titled Bidders List) to Authority no later than 4:00 p.m. on the 2nd business day after the proposal due date via email to mbahadori@octa.net.
- Bidders List is to include all firms (DBE and non-DBE) that submitted quotes or proposals to act as subconsultants, suppliers or brokers, whether or not you elected to use them in your proposal.
