**SUBJECT: Request for Proposals (RFP) 1-3378  
“Design Services for Gully Repair and Restoration”  
Addendum No. 2**

Gentlemen/Ladies:

This letter and its attachments comprise **Addendum No. 2** to the above captioned RFP issued by the Orange County Transportation Authority (Authority).

1. Offerors are advised that a site visit will not be held, and that Authority has made available existing site photos. The intent of these photos is to augment Attachment C of Exhibit A of the RFP. Note the dimensions provided in the photos are approximate and since the Phase I work is underway, the project site will look different once the Phase I work has been completed. The photos are meant to provide the Offeror the site layout perspective between the gully area and the existing adjacent access road. Site photos are presented as **Attachment A** to this **Addendum No. 2**.
2. Offerors are advised that the pre-proposal conference registration sheets are presented as **Attachment B** to this **Addendum No. 2**.
3. Offerors are advised that a question has been received by Authority. The question and Authority's written response is as follows:

Q1: Is a geotechnical investigation a part of this project?

R1: No.

4. Deadline for questions remains no later than 5:00 p.m., April 1, 2021.
5. Proposal due date remains at or before 2:00 p.m., April 13, 2021.

Offerors are reminded to acknowledge receipt of this **Addendum No. 2** in their Letter of Transmittal, which is to accompany the proposal.

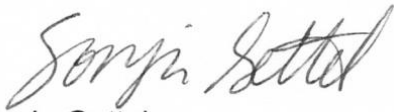

Offerors are advised that all changes addressed in this **Addendum No. 2** shall be incorporated into the final Agreement.
