EXHIBIT A: SCOPE OF WORK

Scope of Work

OC Streetcar Ridership Marketing and Customer Communication Program

BACKGROUND

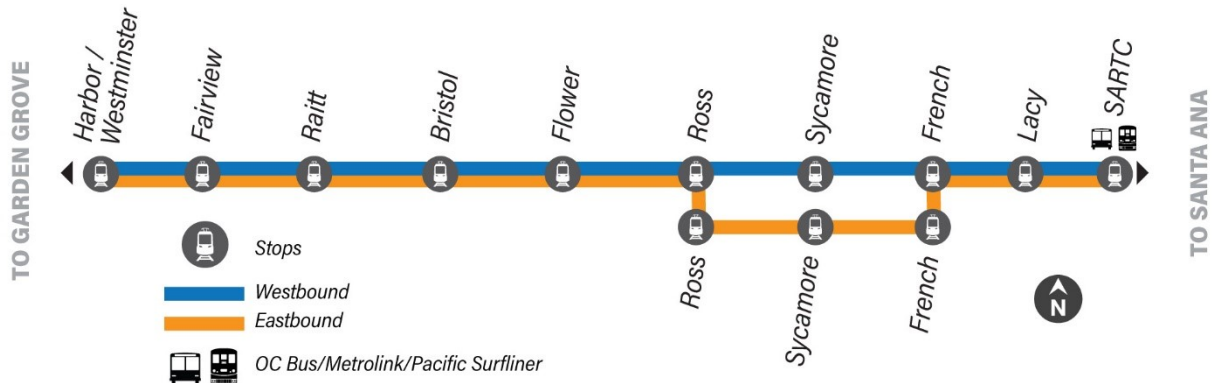

The Orange County Transportation Authority (OCTA) is the lead agency for the design, right-of-way acquisition, and construction phases of OC Streetcar, as well as its operation once construction is complete in 2024. The OC Streetcar is a modern streetcar running along a 4.15-mile route that connects the Santa Ana Regional Transportation Center (SARTC) to Downtown Santa Ana and a new transportation hub located near the intersection of Harbor Boulevard and Westminster Avenue in Garden Grove.

The genesis for the OC Streetcar's development occurred under the Go Local program, funded by Measure M, Orange County's sales tax for transportation improvements. Funding was provided to local jurisdictions to develop alternatives that connected their communities with existing Metrolink stations that provide local commuter rail service. The renewal of Measure M included a specific funding source for the projects selected from the Go Local efforts. The cities of Santa Ana and Garden Grove partnered and selected a Locally Preferred Alternative (LPA). Shortly after their decision, the OCTA Board of Directors adopted the LPA in March 2015. Also in March 2015, the Federal Transit Administration (FTA) reported a Finding of No Significant Impact, completing the environmental review process. In May 2015, the Project entered the FTA New Starts Project Development process.

On November 8, 2018, the FTA announced a \$149 million Full Funding Grant Agreement (FFGA) with OCTA for the OC Streetcar. The OC Streetcar broke ground after receiving the FFGA on December 5, 2018. The OC Streetcar will be the first modern streetcar line in the state's third most populous county. The OC Streetcar vehicles are being built by Siemens with expected delivery in Summer 2023 when testing will begin on local streets. The targeted revenue service date is March 2024.

The OC Streetcar alignment has 10 stops in each direction beginning at Santa Ana Regional Transportation Center (SARTC) on the west edge of the parking lot parallel to Santiago Street. The alignment turns left on Santa Ana Boulevard and runs in the right lane until reaching the Pacific Electric right of way (PE ROW) at Raitt Street. The alignment crosses 5th Street and Fairview Street at grade with railroad crossing gates. The alignment is elevated on bridges over the Santa Ana River to the north of the existing historic bridge and over Westminster Avenue, ending on the east side of Harbor Boulevard. The return to SARTC is on a separate eastbound track parallel to the westbound track, with the exception of the downtown Santa Ana area where the eastbound track leaves Santa Ana Boulevard at Parton Street running for one block on a

pedestrian walkway south of Sasscer Park. At Ross Street, this alignment becomes 4th Street through the Downtown Commercial zone to Mortimer Street. Existing diagonal parking on the south side of 4th Street will be converted to parallel parking. At Mortimer Street, the eastbound alignment turns north for two blocks, and then turns east on Santa Ana Boulevard, rejoining the westbound alignment to the termination at SARTC. Across the alignment the OC Streetcar will be an electrified system, powered by four traction power substations (TPSS). The overhead catenary system (OCS) will be suspended approximately 20 feet above the top of rail across the system. Other noteworthy features will be the construction of two at grade crossings at Fairview and 5th Avenues.

Maintenance and Storage

A new maintenance and storage facility (MSF) is being constructed to accommodate the streetcar fleet, administration, operations, vehicle maintenance, parts storage, and maintenance of right of way. The facility is located on a site bounded by 5th Street to the north, the PE ROW to the south, approximately 500 feet west of Raitt Street to the east, and approximately 1,000 feet west of Raitt Street to the west.

Operations Plan

The OC Streetcar will operate seven (7) days a week. The OC Streetcar's hours of operations are planned to be:

- Monday through Thursday – 6:00 a.m. to 11:00 p.m. (17 hours)
- Friday and Saturday – 6:00 a.m. to 1:00 a.m. (19 hours)
- Sunday/Holidays – 7:00 a.m. to 10:00 p.m. (15 hours)

The OC Streetcar will operate every ten (10) minutes during peak hours on weekdays (6:00 a.m. to 6:00 p.m.), requiring six (6) cars, and every fifteen (15) minutes during off-peak hours (after 6:00 p.m.) and on weekends, requiring four (4) cars. Two (2) spares

are available for maintenance, bringing the total fleet size to eight (8) cars. The operating plan is subject to change.

The travel speed of the OC Streetcar will vary along the alignment. In the PE ROW, the maximum speed will be 45 mph. For the street running segments, the maximum speed is the posted speed limit, which varies from 25 mph to 35 mph.

Traffic Control

To facilitate streetcar operations safely and efficiently, OC Streetcar will have new traffic signals at the following locations:

- Santa Ana Boulevard. /French Street
- 4th Street/Mortimer Street
- Santa Ana Boulevard. /Lacy Street

Existing traffic signals at Santa Ana Boulevard/Santiago Street will be modified to add a phase for the streetcar. Additionally, the remaining traffic signals will be modified to provide clearance to the streetcar's overhead contact wire by shortening mast arms or adding signal heads and/or poles. The intersection of Ross and 4th Street will be all-way stop controlled.

Traffic signal priority (TSP) will be provided at all traffic signals along the route with the exception of the signals at Bristol, Broadway, and Main streets. TSP will either extend a green phase by as much as 20 seconds or shorten an opposing green phase by as much as 20 seconds, depending on where in the phase the streetcar encounters the traffic signal. A Traffic Management Plan (TMP) was developed by the project design team to address anticipated changes during construction.

Market Overview

The OC Streetcar represents a new era of mobility that will link several public transportation options to increase travel options throughout southern California. Expected to begin carrying passengers in early 2024, the OC Streetcar will connect to existing rail and bus routes in Orange County and beyond, including the SARTC that serves Metrolink and Amtrak Pacific Surfliner travelers throughout southern California and a new transit hub at Harbor Westminster Avenue in Garden Grove that will link to bus routes travelling throughout west and north Orange County. In addition, OC Streetcar will offer a critical first-and-last mile connection to both bus and rail that is expected to encourage and enable more people to leave their cars home and use public transportation.

Building a modern, efficient rail system for Orange County has been in OCTA's transportation plans since early 2000 to serve the ever-growing and diverse population of OC and to relieve traffic congestion and enhance the quality of life. The OC Streetcar project broke ground in 2018 with more than 10 years spent in planning and securing funding. This first modern streetcar was designed to match the unparalleled vibrant, diverse, and growing Orange County community by serving Santa Ana's historic and thriving downtown, which includes federal, state and local government offices and civic centers, colleges, a renowned artists' village, emerging mixed-use transit-oriented developments and a thriving restaurant scene.

Within Orange County, existing public transportation options include OC Bus (58 routes, nearly 5,500 stops) and Metrolink commuter rail (3 lines, 12 stations). Both offer car-free alternatives to work and play, though cars remain the transportation mode of choice for most residents.

Although the COVID-19 pandemic had a negative impact on transit ridership across the country since the breakout in early 2020, both bus and rail ridership started to climb back since the beginning of 2022. (See appendix) During May 2022, the OC Bus ridership was at 70% of pre-pandemic level or approximately 2.2 million boardings.

The OC Streetcar is well positioned to leverage existing modes of public transportation to connect people to jobs, schools, and adventures while offering a fresh way to explore OC.

Role of Consultant

The People and Community Engagement Division (PACE) is an integral part of OCTA's effort in providing transportation solutions for Orange County residents and commuters. PACE is responsible for creating awareness and encouraging usage of OCTA's multi-modal transportation services through an array of functions including branding, education/outreach activities, creative design and content development, digital assets/social media management, special event/promotion to marketing planning, research, data analytics and customer relationship management, etc.

Consultant shall help develop and implement a strategic, result-driven ridership marketing and customer engagement program in support of OC Streetcar operations. Consultant shall act under the direction of the Program Manager for OC Streetcar Marketing and Communications.

Although OCTA has operated fixed-route and paratransit service and provides funding for Metrolink commuter rail service, modern streetcar service is a new transit mode for residents and commuters in Orange County. Like any new product or service launch, marketing plays a critical role in generating brand awareness, trial interest and continuing ridership to ensure the ultimate success of the OC Streetcar. The overarching goal of the program is to develop and implement a strategic and effective marketing and customer engagement program to create high-level awareness about OC Streetcar and its benefits to a variety of target audiences and to encourage ridership to meet or exceed the goal of 7,325 daily boardings. The multifaceted, phased program will include research, planning and message development as well as campaign execution for pre-launch, opening and post-launch phases beginning one year prior to the expected revenue service date in March 2024.

Although the key focus is ridership marketing, a parallel goal of the program is to educate the public about OC Streetcar. The public will need to know how OC Streetcar operates, the value it provides, how to use the service and essential safety guidelines to prepare them for the ultimate riding experience to help sustain and grow ridership for OC Streetcar. Consultant shall tailor customer information and messages to cater to a diverse group of target audiences and translate messaging into multiple languages as needed.

Consultant shall have proven expertise in market research, branding, launching new products/services, online and social media marketing, creative design and digital channel development, targeted advertising, promotion/special events planning/execution and excellent project/campaign management to develop, execute and deliver a results-driven marketing and customer engagement program for OC Streetcar. DISADVANTAGED BUSINESS ENTERPRISE (DBE) CONTRACT PROVISIONS FOR U.S. DOT-ASSISTED CONTRACTS

I. DBE Participation

It is the CONSULTANT'S responsibility to be fully informed regarding the requirements of 49 CFR, Part 26 and AUTHORITY's DBE program developed pursuant to these regulations.

CONSULTANT must complete and submit, within the specified timelines, the required DBE documentation in Section IV. of this Attachment, through the AUTHORITY's electronic reporting system (ECAT). CONSULTANT's submitted "DBE Participation Commitment Form," executed subcontracts and/or purchase orders, as well as on-going DBE documentation will be utilized to monitor CONSULTANT's DBE commitment. Unless otherwise directed and/or approved in writing by AUTHORITY prior, CONSULTANT must not effectuate any changes to its DBE participation commitment.

CONSULTANT must complete and submit all required DBE documentation to effectively capture DBE utilization on AUTHORITY's U.S. DOT-assisted contracts whether achieved race neutrally or race consciously. No changes to CONSULTANT'S DBE commitment shall be made until proper review and approval by AUTHORITY is rendered in writing.

To ensure full compliance with the requirements of 49 CFR, Part 26 and AUTHORITY's DBE Program, CONSULTANT must:

- A. Take appropriate actions to ensure that it will satisfy good faith efforts to meet the DBE agreement goal and continue to meet the DBE commitment made at award, when change orders or other modifications alter the dollar amount of the Agreement or the distribution of work. CONSULTANT must apply and report its DBE goal commitment against the total Agreement value, including any change orders and/or amendments.

II. DBE Policy and Applicability

In accordance with federal financial assistance agreements with the U.S. Department of Transportation ("U.S. DOT"), AUTHORITY has adopted a Disadvantaged Business Enterprise ("DBE") Policy and Program in conformance with Title 49 CFR, Part 26, "Participation by Disadvantaged Business Enterprises in Department of Transportation Financial Assistance Programs".

The project is subject to these stipulated regulations and AUTHORITY's DBE Program. To ensure that AUTHORITY achieves its overall DBE Program goals and objectives, AUTHORITY encourages the participation of DBEs as defined in 49 CFR, Part 26, in the performance of agreements financed in whole or in part with U.S. DOT funds. Pursuant to the intent of these Regulations, it is also the policy of AUTHORITY to:

Fulfill the spirit and intent of the DBE Program regulations published under U.S. DOT Title 49 CFR, Part 26, by ensuring that DBEs have an equitable opportunity to compete for and participate in AUTHORITY's U.S. DOT-assisted contracts and subcontracts. AUTHORITY is firmly committed to the DBE Program objectives, which are designed to:

- A. Ensure non-discrimination in the award and administration of AUTHORITY's U.S. DOT-assisted contracts;
- B. Create a level playing field by which DBE's can fairly compete for AUTHORITY's U.S. DOT-assisted contracts;
- C. Ensure that AUTHORITY's DBE Program and Overall Goals are narrowly tailored in accordance with applicable law;
- D. Ensure that only firms that fully meet 49 CFR, Part 26 eligibility standards are permitted to participate as DBE's in the AUTHORITY's DBE Program;
- E. Help remove barriers which impede the participation of DBE's in AUTHORITY's U.S. DOT-assisted contracts;
- F. Promote the use of DBE's in all types of U.S. DOT-assisted contracts and procurement activities conducted by AUTHORITY;
- G. Provide training and other assistance through our resource partners to address capital, bonding, and insurance needs;
- H. Assist in the development of DBE firms that can compete successfully in the marketplace outside of the DBE Program; and
- I. Establish and provide opportunities for DBEs by providing flexibility in the implementation of AUTHORITY's DBE Program.

CONSULTANT must not discriminate on the basis of race, color, national origin, or sex in the award and performance of subconsultant. Any terms used in this section that are defined in 49 CFR, Part 26, or elsewhere in the Regulations, must have the meaning set forth in the Regulations. In the event of any conflicts or inconsistencies between the Regulations and AUTHORITY's DBE Program with respect to U.S. DOT-assisted contracts, the Regulations must prevail.

III. AUTHORITY's DBE Policy Implementation Directives

Pursuant to the provisions associated with Title 49 CFR, Part 26, the Disadvantaged Business Enterprise ("DBE") Program exists to ensure participation, equitable competition, and assistance to participants in the U.S. DOT DBE program. Accordingly, based on the AUTHORITY's analysis

of its past utilization data, coupled with Overall Goal Methodology findings and examination of similar Recipient's disparity studies, AUTHORITY's DBE Program is implemented utilizing both race-conscious and race-neutral means. When a contract-specific DBE goal is assigned to a project, meeting the contract-specific goal by committing to utilize DBEs, or documenting a bona fide good faith effort to do so, is a condition of award.

A. Definitions

The following definitions apply to the terms used in these provisions:

A. Monthly DBE Attainment and Subconsultant Prompt Payment Verification Data Submission

This submission serves to ensure CONSULTANT's DBE commitments are attained, properly reported, and credited in accordance with DBE crediting provisions based on the capacity the DBE performs the scope of work/service.

This submission further serves to monitor prompt payment to both DBE and non-DBE firms, and collect DBE utilization data as required under 49 CFR, Part 26.

CONSULTANT is required to enter data directly into ECAT and submit by the 10th of each month until completion of the Agreement. CONSULTANT's first submission is due following the first month of Agreement activity. Even if no DBE participation will be reported within a period, CONSULTANT must complete and submit Monthly by the required timelines.

If there is not a DBE goal and no DBE commitment has been made by CONSULTANT, CONSULTANT is required to enter data directly into ECAT and submit by bi-annually on April 10th and October 10th of each year. Additionally, upon completion of the contract, a final report must be submitted and marked final.

Data required for submission includes the amount(s) received by CONSULTANT from AUTHORITY and the amount(s) paid to lower-tier subconsultants during the Month. CONSULTANT to submit pertinent payment details for any firm (DBE and Non-DBE) to whom they have reported a payment within the reporting period. CONSULTANT is advised not to report the participation of DBE(s) toward the CONSULTANT's DBE attainment until the amount being claimed has been paid to the DBE.

Pertinent payment details include:

- Invoice Number
- Invoice Amount
- Payment Amount
- Invoice Date
- Check Number
- Date of Payment
- Corresponding Prime Invoice (associated to subconsultants' invoice)
- Retention
- Disputed or Withheld invoice amounts

If DBE trucking credit is being claimed, CONSULTANT must electronically report through ECAT the amount paid to DBE trucking companies and their lower-tier firms (including owner operators for the leasing of trucks). Pertinent payment details required for submission will include truck number, owner's name, California Highway Patrol CA number, and if applicable, the DBE certification number of the owner of the truck for all trucks paid during that month. If the DBE leases trucks from a non DBE, CONSULTANT may count only the fee or commission the DBE receives as a result of the lease arrangement.

Firms will receive a notification from ECAT when a payment is reported to them and will be required to log-in to ECAT to verify the payment information provided by CONSULTANT. A reported payment to a lower-tier DBE firm will not be credited towards the DBE goal until the DBE firm has validated the payment through ECAT. All payments reported by CONSULTANT must be validated by affected firm, prior to the 10th of each month following the reporting period.

Electronic submission of the Monthly DBE Commitment and Attainment Summary and Subconsultant Prompt Pay Verification Data includes a certification under penalty of perjury of the prompt payment assurance statement of compliance, providing assurance that timely payments have been issued to all subconsultants in accordance with regulatory mandates and as required by 49 CFR Part 26.29.

B. DBE Subcontract Agreements

CONSULTANT must electronically submit to AUTHORITY via ECAT, copies of executed subcontracts and/or purchase orders (PO) for all DBE firms participating on the contract within ten (10) working days of award. CONSULTANT must immediately notify AUTHORITY in writing, of any problems it may have in obtaining the subcontract agreements from listed DBE firms within the specified time.

C. Additional DBE Firms

In the event CONSULTANT identifies additional DBE subconsultants not previously identified by CONSULTANT for DBE participation under the Agreement, CONSULTANT must notify AUTHORITY by filling out and submitting a "Request to Add," through ECAT. This will enable AUTHORITY to verify the firm's eligibility, capacity, CUF and scope of work. Proposed firms will not be applied towards CONSULTANT'S DBE participation until approved by AUTHORITY.

CONSULTANT must also submit, for each DBE identified after contract execution, a written confirmation from the DBE acknowledging that it is participating in the contract for a specific value, including the corresponding scope of work (a subcontract agreement can serve in lieu of the written confirmation). This supporting documentation is a required upload by ECAT when submitting a Request to Add.

D. DBE Commitment Change Request(s), DBE Substitution, Termination and Increasing or Decreasing Commitment Values

CONSULTANT shall utilize the specific DBEs listed to perform the work and supply the materials for which each is listed unless the CONSULTANT obtains AUTHORITY's written consent. CONSULTANT shall not terminate, decrease or substitute a listed DBE for convenience and perform work originally designated for a DBE with its own work force or those of an affiliate, a non-DBE firm, another DBE firm or obtain materials from other sources without prior written authorization from AUTHORITY. CONSULTANT shall not be entitled to any payment for work or materials unless it is performed or supplied by the listed DBE on the DBE Participation

Commitment form, unless the DBE is terminated in accordance with this section and is approved by AUTHORITY. This includes partial terminations.

CONSULTANT shall provide written notification to AUTHORITY in a timely manner of any changes to its anticipated DBE participation. This notice should be provided prior to the commencement of that portion of the work.

AUTHORITY shall only provide written consent to a request to use other forces or sources of materials if CONSULTANT has good cause to terminate or decrease its DBE commitment to a DBE firm. For the purposes of this section good cause includes any of the following justifications:

1. Listed DBE fails or refuses to execute a written contract based on the requirements of the project.
2. Listed DBE firm fails or refuses to perform the work of its subcontract in a way consistent with normal industry standards. Provided, however, that good cause does not exist if the failure or refusal of the DBE subconsultant to perform its work on the subcontract results from the bad faith or discriminatory action of CONSULTANT.
3. Listed DBE firm fails or refuses to meet the CONSULTANT's reasonable, nondiscriminatory bond requirements.
4. Listed DBE becomes bankrupt or insolvent or exhibits credit unworthiness.
5. Listed DBE firm is ineligible to work on public works projects because of suspension and debarment proceedings pursuant 2 CFR Parts 180, 215 and 1,200 or applicable state law.
6. AUTHORITY has determined that the listed DBE firm is not a responsible firm.
7. Listed DBE firm voluntarily withdraws from the project and provides written notice of its withdrawal.
8. Listed DBE is ineligible to receive credit for the type of work required.
9. Listed DBE owner dies or becomes disabled resulting in the inability of the DBE to perform the work on the Contract.
10. Other documented good cause that the Authority determines compels the termination (inclusive of decreases to commitment values and substitutions) of a DBE firm.

To submit a request to substitute, decrease or terminate a DBE subconsultant commitment, CONSULTANT is required to submit a DBE Commitment Change Request through ECAT. The DBE Commitment Change Request includes options to increase, decrease, substitute or terminate a DBE commitment.

If decrease, substitute or terminate is selected, CONSULTANT must give notice in writing to the DBE, with a copy to AUTHORITY, of its intent to decrease, substitute and/or terminate, and provide justification, allowing the DBE five (5) days to respond to CONSULTANT of the reasons, if any, why it objects to the proposed termination of its contract and why AUTHORITY should not approve CONSULTANT's request. The following documentation will be required by ECAT when submitting the DBE Commitment Change Request.

1. One or more of the good cause justifications listed above.
2. Notices from CONSULTANT to the DBE regarding the request.
3. Responses from the DBEs to CONSULTANT regarding the request.
4. Any documentation necessary to validate the good cause justification.
5. Proof of DBE certification of proposed firm (if requesting to substitute).
6. Written confirmation of work and amount signed by proposed firm (if requesting to substitute).

In the event of an approved DBE substitution, termination, or failure of a DBE to complete its work on the contract for any reason, the DBE must be substituted with another DBE or adequate good faith efforts must be documented by CONSULTANT within five (5) days, to the extent needed to meet the contract-specific DBE goal. Note: The five (5) day period may be extended for an additional five (5) days if necessary, at the request of the CONSULTANT. The substitute DBE must be certified as a DBE within the appropriate NAICS categories at the time of request for substitution.

CONSULTANT shall not be entitled to any payment for work or materials unless it is performed or supplied by the listed DBE, unless the DBE is terminated in accordance with this section and is approved by AUTHORITY in writing. This includes partial terminations.

Should CONSULTANT elect to submit a good faith effort documentation in lieu of proposing additional DBE participation, AUTHORITY will review the documentation and provide a determination through ECAT to CONSULTANT stating whether or not good faith efforts have been adequately demonstrated.

The substitute DBE cannot work on the Agreement until its work eligibility has been confirmed by AUTHORITY.

E. On-Going Good Faith Efforts Post-Award

During the term of the Agreement, CONSULTANT shall continue to make a Good Faith Effort (GFE) to ensure that DBEs have an opportunity to successfully perform in the Agreement, and that the CONSULTANT meets the DBE contract goal. These efforts shall include, but shall not be limited to, the following:

- a. Negotiating in good faith to attempt to finalize and execute a subconsultant agreement with the DBEs committed to;
- b. Continuing to provide assistance to DBE firms in obtaining bonding, lines of credit, etc.
- c. Notifying a DBE in writing of any potential problem and attempting to resolve the problem prior to formally requesting AUTHORITY approval to substitute the DBE.
- d. Paying all firms (DBEs and non-DBEs) in a timely manner, as listed in the Agreement specifications;

- e. Alerting AUTHORITY in a timely manner of any problems anticipated in attaining the DBE participation committed to in the proposal;
- f. If a DBE substitution is necessary, making a Good Faith Effort to replace the DBE with another DBE, subject to the approval of AUTHORITY.

Should CONSULTANT's DBE commitment fall below the DBE contract goal, submittal of good faith effort documentation will be required on a monthly basis until the goal has been met through executed DBE contract agreements. Documentation should include but is not limited to:

- a. Conducting market research to identify and solicit DBE firms that have the capability to perform the work on the Agreement. All reasonable and available means should be utilized. . This may include attendance at matchmaking meetings and events, advertising, written notices or emails to all DBEs listed in the State's directory of transportation firms that specialize in the areas of work desired and which are located in the area or surrounding areas of the project.
- b. CONSULTANT should solicit this interest as early in the process as practicable to allow the DBEs to respond to the solicitation and submit a timely proposal. CONSULTANT should determine with certainty if the DBEs are interested by taking appropriate steps to follow up on initial solicitations.
- c. Selecting portions of the work to be performed by DBEs in order to increase the likelihood that the DBE goals will be achieved. This includes, where appropriate, breaking out Agreement work items into economically feasible units (for example, smaller tasks or quantities) to facilitate DBE participation, even when CONSULTANT might otherwise prefer to perform these work items with its own forces. This may include, where possible, establishing flexible timeframes for performance.
- d. Effectively using the services of available minority/women community organizations; minority/women consultant groups; local, State, and Federal minority/women business assistance offices; and other organizations as allowed on a case-by-case basis to provide assistance in the recruitment and placement of DBEs.

F. Final Report-Utilization of Disadvantaged Business Enterprises

Upon completion of the project, CONSULTANT must electronically designate their last Monthly DBE Attainment and Subconsultant Prompt Payment Verification Report as final and submit to the Authority utilizing ECAT within thirty (30) days from the date of project completion. The amount of ten-thousand dollars (\$10,000) will be withheld from payment until a satisfactory form is submitted.

G. Disadvantaged Business Enterprises Certification Status Change

If a DBE subconsultant is decertified during the life of the project, the decertified subconsultant must notify the CONSULTANT in writing with the date of decertification and last date of work on the project while still certified. Within ten (10) days of receipt of decertification documentation, CONSULTANT must electronically furnish the written documentation to AUTHORITY via ECAT. Upon completion of the project, "Disadvantaged Business Enterprises Certification Status Change" must be signed and certified correct by the CONSULTANT indicating each DBE's existing certification status utilizing ECAT.

If there are no changes, CONSULTANT indicates "No Changes." The signed and certified form must be furnished to AUTHORITY within thirty (30) days from the date of project completion.

Failure to submit any of the required submittals above and their support documentation within the specified timeline shall result in a penalty of ten dollars (\$10) per day, per submittal document.

AUTHORITY requires CONSULTANT to maintain records and documents of payments to lower-tiers, including DBEs, for a period of four (4) years from the date of final payment by AUTHORITY, unless otherwise provided by applicable record retention requirements for CONSULTANT'S agreement, whichever is longer. These records will be made available for inspection upon request in accordance with Article 21 entitled "Access to Records and Reports", of this Agreement. This reporting requirement extends to all lower-tiers, both DBE and non-DBE.

AUTHORITY reserves the right, at its sole discretion, to demonstrate responsiveness to requirements of CFR 49 Part 26.37 by posting CONSULTANT payment data to a website, database, or other place accessible to subconsultants to assist them in determining when they should expect to receive payment.

V. DBE Eligibility and Commercially Useful Function Standards

A DBE must be certified at the time of proposal submission:

1. A DBE must be a small business firm defined pursuant to 13 CFR Part 121 and be certified through the California Unified Certification Program ("CUCP") at the time of proposal submission. A listing of DBEs certified by the CUCP is available the link to the CUCP web site, which can be accessed at:
<https://ucp.dot.ca.gov/licenseForm.htm>
2. A DBE may participate as a prime CONSULTANT, subconsultant, joint venture partner, vendor of material or supplies, or as a trucking company.
3. A DBE joint venture partner must be responsible for specific contract items of work, or clearly defined portions thereof. Responsibility means actually performing, managing, and supervising the work with its own work forces. The DBE joint venture partner must share in the capital contribution, control, management, risks, and profits of the joint venture commensurate with its ownership interest.

4. The use of joint-checks for DBE firms must be approved by AUTHORITY prior to execution, and a joint-check agreement must accompany the request to AUTHORITY.
5. A DBE must perform a commercially useful function in accordance with 49 CFR Part 26.55 (i.e. must be responsible for the execution of a distinct element of the work, and must carry out its responsibility by actually performing, managing, and supervising the work). A DBE should perform at least thirty percent (30%) of the total cost of its contract with its own workforce to presume it is performing a commercially useful function.

VI. DBE Crediting Provisions

- A. When a DBE is proposed to participate in the Agreement, at any tier, only the value of the work proposed to be performed by the DBE with its own work force may be counted towards DBE participation. If CONSULTANT is a DBE joint venture participant, only the DBE proportionate interest in the joint venture must be counted.
 1. If a DBE intends to subcontract part of the work of its subcontract to a lower-tier subconsultant, the value of the subcontracted work may be counted toward DBE participation only if the subconsultant is a certified DBE and performs the work with their own forces. Services subcontracted to a non-DBE firm may not be credited toward the CONSULTANT's DBE attainment.
 2. CONSULTANT is to calculate and credit participation by eligible DBE vendors of equipment, materials, and supplies toward DBE attainment as follows:
 - a) Sixty percent (60%) of expenditures for equipment, materials, and supplies required under the Agreement obtained from a regular dealer; or
 - b) One hundred percent (100%) of expenditures for equipment, materials, and supplies required under the Agreement obtained from a DBE manufacturer.
 3. The following types of fees or commissions paid to DBE subconsultants, Brokers, and Packagers may be credited toward CONSULTANT'S DBE attainment, provided that the fee or commission is reasonable and not excessive, as compared with fees or commissions customarily allowed for similar work including:
 - a) Fees and commissions charged for providing bona fide professional or technical services, or procurement of essential personnel, facilities, equipment, materials, or supplies required in the performance of the Agreement;
 - b) Fees charged for delivery of material and supplies (excluding the cost of

- materials or supplies themselves), when the licensed hauler, trucker, or delivery service is not also the manufacturer of, or a regular dealer in, the material and supplies;
- c) Fees and commissions charged for providing any insurance specifically required in the performance of the Agreement.
4. If the CONSULTANT listed a non-certified, 1st tier subconsultant to perform work on this Agreement, and the non-certified subconsultant subcontracts a part of its work or purchases materials and/or supplies from a lower tier DBE certified subconsultant or Vendor, the value of work performed by the lower tier DBE firm's own forces can be counted toward DBE participation on the Agreement. If a DBE CONSULTANT performs the installation of purchased materials and supplies, they are eligible for full credit of the cost of the materials.
5. CONSULTANT is advised not to report the participation of DBE(s) toward the CONSULTANT'S DBE attainment until the amount being claimed has been paid to the DBE.

VII. DBE "Frauds" and "Fronts"

Only legitimate DBEs are eligible to participate as DBEs in the AUTHORITY's U.S. DOT-assisted contracts. CONSULTANT is cautioned against knowingly and willfully using "fronts." The use of "fronts" and "pass through" subcontracts to non-disadvantaged firms constitute criminal violations. Further, any indication of fraud, waste, abuse, or mismanagement of Federal funds should be immediately reported to the Office of Inspector General, U.S. Department of Transportation at the toll-free hotline: (800) 424-9071; by email at hotline@oig.dot.gov, or by mail to the following: DOT Inspector General, 1200 New Jersey Ave SE, West Bldg 7th Floor, Washington, DC 20590.

VIII. Dispute Resolution

All contracts in excess of five-hundred thousand dollars (\$500,000) shall contain provisions or conditions which will allow for dispute resolution remedies in instances where CONSULTANTs violate or breach DBE Program requirements, inclusive but not limited to, prompt payment and provide for such sanctions and penalties as may be appropriate.

CONSULTANT shall incorporate this Section into each subcontract related to work arising under this Agreement and shall not incorporate by reference.

CONSULTANT and subconsultant agree to notify AUTHORITY within five (5) business days of any prompt payment and/or DBE Program disputes which cannot be settled by discussions between the parties involved.

CONSULTANT and subconsultant further agree to proceed through informal meetings,

mediation, or any combination thereof as further detailed below. Dispute submittals shall include the method(s) of dispute resolution selected, terms, timeframes, and a detailed summary of assistance being requested (as applicable).

I. INFORMAL MEETINGS:

AUTHORITY is available to assist CONSULTANT with coordination of informal meeting requests to assist in the resolution of disputes between CONSULTANT and subconsultant. AUTHORITY's DBELO or a designated DBE support representative will conduct the informal meetings with parties in dispute. Representatives from CONSULTANT and subconsultant for the purpose of dispute resolution, must include individuals authorized to bind each interested party. All parties must agree to the procedure.

II. Mediation

The parties to a contract may agree to endeavor to settle a dispute through informal mediation under independent third-party organizations. AUTHORITY's DBELO and her designated support staff is considered an independent third party. Submission to informal mediation is voluntary; it is not binding and offers advisory opinions.

Performance During Dispute: Unless otherwise directed by AUTHORITY, CONSULTANT and its sub tiers shall continue performance under the Agreement while matters in dispute are being resolved.

Flow Down Requirements: The dispute resolution provisions flow down to all tiers.

These provisions shall not apply to disputes between CONSULTANT and AUTHORITY. These provisions do not alter in any way or waive compliance with other provisions in the Agreement.

IX. Administrative Remedies and Enforcement

CONSULTANT must fully comply with the DBE contract requirements, including the Authority's DBE Program and Title 49 CFR, Part 26 "Participation of Disadvantaged Businesses in Department of Transportation Financial Assistance Programs," and ensure that all subconsultant, regardless of tier, are also fully compliant. Failure by CONSULTANT to carry out these requirements is a material breach of this Agreement, which may result in the termination of this Agreement, or such other remedy as AUTHORITY deems appropriate, which may include, but is not limited to:

1. Withholding monthly progress payments;
2. Assessing sanctions;
3. Liquidated damages; and/or

4. Disqualifying CONSULTANT from future proposing as non-responsible.

In instances of identified non-compliance, a Cure Notice will be issued to CONSULTANT identifying the DBE non-compliance matter(s) and specifying the required course of action for remedy.

CONSULTANT will be given ten (10) working days from the date of the Cure Notice to remedy or to: (1) File a written appeal accompanied with supporting documentation; and/or (2) Request a hearing with AUTHORITY to reconsider AUTHORITY's DBE determination.

Failure to respond within the ten (10) working day period will constitute a waiver of CONSULTANT'S right to appeal. If CONSULTANT files an appeal, AUTHORITY, must issue a written determination and/or set a hearing date within ten (10) working days of receipt of the written appeal, as applicable. A final Determination will be issued within ten (10) working days after the hearing, as applicable.

If after review of CONSULTANT'S appeal, AUTHORITY decides to uphold the decision to impose DBE administrative remedies on CONSULTANT, the written determination must state the specific remedy(ies) to be imposed.

Failure to comply with the Cure Notice and/or to remedy the identified DBE non-compliance matter(s) is a material breach of the Agreement and is subject to administrative remedies including withholding at a minimum of two percent (2%) of the invoice amount due per month for every month that the identified non-compliance matter(s) is not remedied. Upon satisfactory compliance, AUTHORITY will release all withholdings.

In addition to administrative remedies defined in this section, AUTHORITY is not precluded from invoking other contractual and/or legal remedies available under federal, state or local laws.

- A. If you are an applicant for, or the subject of, any proceeding involving a license, permit, or other entitlement for use, you are prohibited from making a campaign contribution of more than \$250 to any board member or his or her alternate. This prohibition begins on the date your application is filed or the proceeding is otherwise initiated, and the prohibition ends three months after a final decision is rendered by the Board of Directors. In addition, no board member or alternate may solicit or accept a campaign contribution of more than \$250 from you during this period.
- B. These prohibitions also apply to your agents, and, if you are a closely held corporation, to your majority shareholder as well. These prohibitions also apply to your subcontractor(s), joint venturer(s), and partner(s) in this proceeding. Also included are parent companies and subsidiary companies directed and controlled by you, and political action committees directed and controlled by you.
- C. You must file the attached disclosure form and disclose whether you or your agent(s) have in the aggregate contributed more than \$250 to any board member or his or her alternate during the 12-month period preceding the filing of the application or the initiation of the proceeding.
- D. If you or your agent have in the aggregate contributed more than \$250 to any individual board member or his/or her alternate during the 12 months preceding the decision on the application or proceeding, that board member or alternate must disqualify himself or herself from the decision. However, disqualification is not required if the board member or alternate returns the campaign contribution within 30 days from the time the director knows, or should have known, about both the contribution and the fact that you are a party in the proceeding. REQUIREMENTS**

1.0 DBE Goal

To assist offerors in ascertaining DBE availability based on the specific items of work associated with this procurement, the Authority has determined that DBEs are ready, willing and able to compete for subcontracting opportunities on this project. The DBE Goal for this contract is 10%.

2.0 DBE Policy and Applicability

In accordance with federal financial assistance agreements with the U.S. Department of Transportation ("U.S. DOT"), the Orange County Transportation Authority ("Authority") has adopted a Disadvantaged Business Enterprise ("DBE") Policy and Program, in conformance with Title 49 CFR Part 26, "Participation by Disadvantaged Business Enterprises in Department of Transportation Programs." The contract is subject to the following stipulated regulations. Pursuant to the intent of these Regulations, it is the policy of the Authority to fulfill the spirit and intent of the DBE Program regulations published under U.S. DOT Title 49 CFR, Part 26, by ensuring that DBEs have an equitable opportunity to compete for and participate in Authority's U.S. DOT-assisted contracts and subcontracts. The Authority is firmly committed to its DBE Program objectives, which are designed to:

- 2.1** Ensure non-discrimination in the award and administration of Authority's U.S. DOT-assisted contracts.
- 2.2** Create a level playing field on which DBEs can compete fairly for the Authority's U.S. DOT-assisted contracts.
- 2.3** Ensure that the DBE Program and Overall Goal are narrowly tailored in accordance with applicable law.
- 2.4** Ensure that only firms that meet 49 CFR, Part 26 eligibility standards are permitted to participate as DBEs in the Authority's DBE program.
- 2.5** Help remove barriers which impede the participation of DBEs in the Authority's U.S. DOT-assisted contracts.
- 2.6** Promote the use of DBEs in all types of U.S. DOT-assisted agreements and procurement activities conducted by the Authority.

- 2.7** Provide training and other assistance through our resource partners to address capital, bonding and insurance needs.
- 2.8** Assist in the development of DBE firms that can compete successfully in the marketplace outside the DBE Program; and
- 2.9** Establish and provide opportunities for DBEs by providing flexibility in the implementation of the Authority's DBE Program.

Offerors shall not discriminate on the basis of race, color, national origin, or sex in the award and performance of subcontracts.

Any terms used in this section that are defined in 49 CFR Part 26, or elsewhere in the Regulations, shall have the meaning set forth in the Regulations. In the event of any conflicts or inconsistencies between the Regulations and the Authority's DBE Program with respect to U.S. DOT-assisted contracts, the Regulations shall prevail.

Race-Neutral/Race-Conscious DBE Program Measures

The Authority will utilize both race-neutral and race-conscious means to meet its overall DBE Program goal.

Race-neutral measures include, but are not limited to, conducting outreach, training, providing other resource assistance and assessing proposal delivery schedules to ensure that DBEs interested in proposing for U.S. DOT-assisted solicitations are provided Additional Authority Race-Neutral measures include ensuring that DBEs and other small business are afforded ample opportunity to participate in the Authority's U.S. DOT-assisted solicitations by unbundling large contracts to make them more accessible to small businesses and requiring or encouraging prime consultants to subcontract portions of work that they might, otherwise, perform with their own work forces. Race-neutral participation also includes any time a DBE obtains a Prime Contract through customary competitive procurement procedures or is awarded a subcontract on a prime contract that does not carry a DBE goal.

In conjunction with the race-neutral measures listed above, the Authority will implement race-conscious measures through the use of contract goals and good faith efforts. When a contract-specific goal is assigned to a project, offerors must demonstrate responsiveness by committing to meet the DBE goal or documenting a bona fide good faith effort to do so, as a condition of award. Contract-specific goals are specifically targeted at DBEs certified through the California Unified Certification Program ("CUCP").

- Letter of Acknowledgement and Commitment (required from each proposed DBE firm listed on the DBE Participation Commitment Form)

- DBE Information - Good Faith Efforts (if sufficient participation to meet the DBE goal has not been proposed on the DBE Participation Commitment Form)
- Bidders List

Required Forms	Submission
DBE Participation Commitment Form	Required at time of proposal
Letter of Acknowledgement and Commitment (required from each DBE firm listed on the DBE Participation Commitment Form)	Required no later than 4:00 p.m. on the 2 nd business day after the proposal due date
DBE Information – Good Faith Efforts	Required no later than 4:00 p.m. on the 2 nd business day after the proposal due date
Bidders List	Required no later than 4:00 p.m. on the 2 nd business day after the proposal due date

4.1 “DBE Participation Commitment Form” (Exhibit E-1) required at time of Proposal. The Offeror is to provide the following information for each DBE that will participate in the contract:

- 4.1.1 The complete name and address of each DBE who will participate in the contract;
- 4.1.2 Valid DBE Certification ID to confirm eligibility status through the CUCP, in conformance with 49 CFR Part 26;
- 4.1.3 A description of the work that each DBE will perform or provide;
- 4.1.4 The dollar amount of the work to be performed or provided by the DBE;
- 4.1.5 The dollar amount of the work eligible to be credited for each DBE towards the DBE goal (should not include lower-tier participation and should account for the type of work to be performed);
- 4.1.6 The offeror shall also submit, for each DBE to perform under this Agreement, a **Letter of Acknowledgement and Commitment (Exhibit E-2)** signed and dated from each DBE listed, acknowledging that the DBE is participating in the contract for the

specified dollar value and scope of work listed on the DBE Participation Commitment Form. The dollar amount and scope(s) in the Letter of Acknowledgement and Commitment, and the amount and scope reflected on the DBE Participation Commitment Form must match identically.

Letter(s) of Acknowledgement and Commitment must be submitted to the Authority no later than 4:00 p.m. on the 2nd business day after the proposal due date.

4.2 “DBE Information - Good Faith Efforts” (Exhibit E-3)

To be a responsible and responsive offeror, the offeror must make good faith efforts to meet the goal. The offeror can meet this requirement in two ways. (i) the offeror can meet the goal by documenting commitments for participation by DBE firms sufficient for this purpose; or (ii) the offeror can demonstrate that he/she took all necessary and reasonable steps to achieve the DBE goal or other requirement of this part, which, by their scope, intensity, and appropriateness to the objective, could reasonably be expected to obtain sufficient DBE participation, even if they were not fully successful.

If the offeror did not meet or obtain enough DBE participation to meet the DBE goal, the offeror must complete and submit the “DBE Information – Good Faith Efforts,” form demonstrating that the offeror made adequate good faith efforts to meet the goal.

If the offeror has met the DBE goal based on the participation of DBEs listed on the offeror’s “DBE Participation Commitment Form,” it is at the offeror’s discretion (i.e. this is not mandatory) to submit “DBE Information – Good Faith Efforts,” form. However, the submission of good faith efforts documentation can protect the offeror’s eligibility for award of the contract if the Authority determines that the offeror failed to meet the goal for various reasons (e.g. a DBE firm was not certified at proposal submission or the offeror made a mathematical error). Submittal of only the “DBE Information – Good Faith Efforts,” form may not provide sufficient documentation to demonstrate that adequate good faith efforts were made; therefore, the offeror is encouraged to attach additional information and supporting documents as necessary.

Good Faith Efforts documentation must be submitted to the Authority no later than 4:00 p.m. on the 2nd business day after the proposal due date.

For further guidance, refer to instructions on Exhibit E-2 “DBE Information – Good Faith Efforts,” form and the United States Department of Transportation’s (“U.S. DOT”) DBE Program, Appendix A of Title 49 CFR

Part 26 - "Guidance Concerning Good Faith Efforts," and the DBE Section of the Authority's Pre-Proposal Power Point.

4.3 "Bidders List" (Exhibit E-4)

The Authority is required by Regulations to create and maintain a "Bidders List," of all firms proposing or quoting on the Authority's U.S. DOT-assisted contracts for use in calculating the Authority's DBE goal(s). Offerors are required to complete and submit the requested information listed on the "Bidders List" form, for all firms (DBE[s] and non-DBE[s]) who submitted a bid, proposal or quote, including firms who were contracted by the prime offeror.

The "Bidders List" must be submitted to the Authority no later than 4:00 p.m. on the 2nd business day after the proposal due date.

B. PROHIBITIONS

1. Section 1352 of Title 31, United States Code, among other things, prohibits a recipient of a Federal contract, grant, loan or cooperative agreement from using appropriated funds to pay any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with any of the following covered Federal actions: the awarding of any Federal contract; the making of any Federal grant; the making of any Federal loan; the entering into of any cooperative agreement; or, the modification of any Federal contract, grant, loan, or cooperative agreement.
2. The Act also requires consultant to furnish a disclosure if any funds other than Federal appropriated funds (including profit or fee received under a covered Federal transaction) have been paid, or will be paid, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with a Federal contract, grant, loan or cooperative agreement.
3. The prohibitions of the Act do not apply under the following conditions:
 - a. Agency and legislative liaison by own employees.
 - (1) The prohibition on the use of appropriated funds, in subparagraph C.1. of this clause, does not apply in the case of payment of reasonable compensation made to an officer or employee of a person requesting or receiving a covered Federal action if the payment is for agency and legislative liaison activities not directly related to a covered Federal action.
 - (2) For purposes of paragraph C.3.a.(1) of this clause, providing any information specifically requested by an agency or Congress is permitted at any time.
 - (3) The following agency and legislative liaison activities are permitted any time where they are not related to a specific solicitation for any covered Federal action:

Discussing with an agency (including individual demonstrations) the qualities and characteristics of the person's products or services, conditions or terms of sale, and service capabilities.

Technical discussions and other activities regarding the application of adaptation of the person's products or services for an agency's use.

- (4) The following agency and legislative liaison activities are permitted where they are prior to formal solicitation of any covered Federal action:

Providing any information not specifically requested but necessary for an agency to make an informed decision about initiation of a covered Federal action;

Technical discussions regarding the preparation of an unsolicited proposal prior to its official submission; and,

Capability presentations by persons seeking awards from an agency pursuant to the provisions of the Small Business Act, as amended by Public Law 95-507, and subsequent amendments.

- (5) Only those services expressly authorized by paragraph C.3.a.(1) of this clause are permitted under this clause.

b. Professional and technical services

- (1) The prohibition on the use of appropriated funds, in subparagraph C.1. of this clause, does not apply in the case of:

A payment of reasonable compensation made to an officer or employee of a person requesting or receiving a covered Federal action or an extension, continuation, renewal, amendment, or modification of covered Federal action, if payment is for professional or technical services rendered directly in the preparation, submission, or negotiation of any bid, proposal, or application for that Federal action or for meeting requirements imposed by or pursuant to law as condition for receiving that Federal action.

Any reasonable payment to a person, other than an officer or employee of a person requesting or receiving a covered Federal action or an extension, continuation, renewal, amendment, or modification of a covered Federal action if the payment is for professional or technical services rendered directly in the preparation, submission or negotiation of any bid, proposal, or application or that Federal action or for meeting requirements imposed by or pursuant to law as a condition for receiving that Federal action. Persons other than officers or employees of a person requesting or receiving a covered Federal action include contractors and trade associations.

- (2) For purposes of paragraph C.3.a.(1) of this clause, professional and technical services shall be limited to advise and analysis directly applying any professional or technical discipline. For

example, drafting of a legal document accompanying a bid or proposal is allowable. Similarly, technical advice provided by an engineer on the performance or operational capability of a piece of equipment rendered directly in the negotiation of a contract is allowable. However, communications with the intent to influence made by a professional (such as a licensed lawyer) or a technical person (such as a licensed accountant) are not allowable under this section unless they provide advice and analysis directly applying their professional or technical expertise and unless the advice or analysis is rendered directly and solely in the preparation, submission, or negotiation of a covered Federal action. Thus, for example, communications with the intent to influence made by a lawyer that do not provide legal advice or analysis directly and solely related to the legal aspects of his or her client's proposal, but generally advocate one proposal over another are not allowable under this section because the lawyer is not providing professional legal services. Similarly, communications with the intent to influence made by an engineer providing an engineering analysis prior to the preparation or submission of a bid or proposal are not allowable under this section since the engineer is providing technical services but not directly in the preparation, submission, or negotiation of a covered Federal action.

- (3) Requirements imposed by or pursuant to law as a condition for receiving a covered Federal award include those required by law or regulation and any other requirements in the actual award documents.
- (4) Only those services expressly authorized by paragraph C.3.a.(1) and (2) of this clause are permitted under this clause.
- (5) The reporting requirements of FAR 3.803(a) shall not apply with respect to payments of reasonable compensation made to regularly employed officers or employees of a person.

c. Disclosure

- (1) The consultant who requests or receives from an agency a Federal contract shall file with that agency a disclosure form OMB standard form LLL, Disclosure of Lobbying Activities, (Attachment to the bid package) if such person has made or had agreed to made any payment using non appropriated funds (to include profits from any covered Federal action), which would be prohibited under subparagraph B.1. of this clause, if paid for with appropriated funds.

- (2) The consultant shall file a disclosure form at the end of each calendar quarter in which there occurs any event that materially affects the accuracy of the information contained in any disclosure form previously filed by such person under subparagraph II.A. of this clause. An event that materially affects the accuracy of the information reported includes:

A cumulative increase of \$25,000 or more in the amount paid or expected to be paid for influencing or attempting to influence a covered Federal action; or

A change in the person(s) or individual(s) influencing or attempting to influence a covered Federal action; or

A change in the officer(s), employee(s), or Member(s) contacted to influence or attempt to influence a covered Federal action.

- (3) The consultant shall require the submittal of a certification, and if required, a disclosure form by any person who requests or receives any subcontract exceeding \$100,000 under the Federal contract.

- (4) All subcontractor disclosure forms (but not certifications) shall be forwarded from tier to tier until received by the prime consultant. The prime consultant shall submit all disclosures to the District at the end of the calendar quarter in which the disclosure form is submitted by the subcontractor. Each subcontractor certification shall be retained in the subcontract file of the awarding consultant.

d. Agreement

The consultant agrees not to make any payment prohibited by this clause.

e. Penalties

- (1) Any person who makes an expenditure prohibited under paragraph a) of this clause or who fails to file or amend the disclosure form to be filed or amended by paragraph d) of this clause shall be subject to civil penalties as provided for by 31 U.S.C. 1352. An imposition of a civil penalty does not prevent the Government from seeking any other remedy that may be applicable.
- (2) Consultants may relay without liability on the representation made by their subcontractors in the certification and disclosure

forms.

f. Cost Allowability:

Nothing in this clause is to be interpreted to make allowable or reasonable any costs, which will otherwise be unallowable or unreasonable. Conversely, costs made specifically unallowable by the requirements in this clause will not be made allowable under any other provisions.
