- c. The Authority reserves the right to issue a new RFP for the project.
- d. The Authority reserves the right to postpone proposal openings for its own convenience.
- e. Each proposal will be received with the understanding that acceptance by the Authority of the proposal to provide the services described herein shall constitute a contract between the Offeror and Authority which shall bind the Offeror on its part to furnish and deliver at the prices given and in accordance with conditions of said accepted proposal and specifications.
- f. The Authority reserves the right to investigate the qualifications of any Offeror, and/or require additional evidence of qualifications to perform the work.
- g. Submitted proposals are not to be copyrighted.

The Authority shall not, in any event, be liable for any pre-contractual expenses incurred by Offeror in the preparation of its proposal. Offeror shall not include any such expenses as part of its proposal.

It is anticipated that the Agreement resulting from this solicitation, if awarded, will be time and expense with fully burdened labor rates and anticipated expenses for work specified in the scope of work, included in the RFP as Exhibit A. The Agreement will be for a five (5)-year term.

**K. CONFLICT OF INTEREST**

All Offerors responding to this RFP must avoid organizational conflicts of interest which would restrict full and open competition in this procurement. An organizational conflict of interest means that due to other activities, relationships

or contracts, an Offeror is unable, or potentially unable to render impartial assistance or advice to the Authority; an Offeror's objectivity in performing the work identified in the Scope of Work is or might be otherwise impaired; or an Offeror has an unfair competitive advantage. Conflict of Interest issues must be fully disclosed in the Offeror's proposal.

All Offerors must disclose in their proposal and immediately throughout the course of the evaluation process if they have hired or retained an advocate to lobby Authority staff or the Board of Directors on their behalf.

Offerors hired to perform services for the Authority are prohibited from concurrently acting as an advocate for another firm who is competing for a contract with the Authority, either as a prime or subcontractor.

**L. CODE OF CONDUCT**

All Offerors agree to comply with the Authority's Code of Conduct as it relates to Third-Party contracts which is hereby referenced and by this reference is incorporated herein. All Offerors agree to include these requirements in all of its subcontracts.

All proposals and documents submitted in response to this RFP shall become the property of the Authority and a matter of public record pursuant to the California Public Records Act, Government Code sections 6250 et seq. (the "Act"). Offerors should familiarize themselves with the provisions of the Act requiring disclosure of public information. Offerors are discouraged from marking their proposal documents as "confidential" or "proprietary."

If a Proposal does include "confidential" or "proprietary" markings and the Authority receives a request pursuant to the Act, the Authority will endeavor (but cannot guarantee) to notify the Offeror of such a request. In order to protect any information submitted within a Proposal, the Offeror must pursue, at its sole cost and expense, any and all appropriate legal action necessary to maintain the confidentiality of such information. The Authority generally does not consider pricing information, subcontractor lists, or key personnel, including resumes, as being exempt from disclosure under the Act. In no event shall the Authority or any of its officers, directors, employees, agents, representatives, or consultants be liable to a Offeror for the disclosure of any materials or information submitted in response to the RFP or by failing to notify a Offeror of a request seeking its Proposal. The Authority reserves the right to make an independent decision to disclose records and material.

Notwithstanding the above, all information regarding proposal responses will be held as confidential until such time as the evaluation has been completed; an

award has been made by the Board of Directors or Authority Staff, as appropriate; and the contract has been fully negotiated.

capability; work load; record of meeting schedules on similar projects; and supportive client references.

Offeror to:

- (1) Provide a brief profile of the firm, including the types of services offered; the year founded; form of the organization (corporation, partnership, sole proprietorship); number, size and location of offices; and number of employees.
- (2) Provide a general description of the firm's financial condition and identify any conditions (e.g., bankruptcy, pending litigation, planned office closures, impending merger) that may impede Offeror's ability to complete the project.
- (3) Describe the firm's experience in performing work of a similar nature to that solicited in this RFP, and highlight the participation in such work by the key personnel proposed for assignment to this project.
- (4) Identify subcontractors by company name, address, contact person, telephone number, email, and project function. Describe Offeror's experience working with each subcontractor.
- (5) Identify all firms hired or retained to provide lobbying or advocating services on behalf of the Offeror by company name, address, contact person, telephone number and email address. This information is required to be provided by the Offeror immediately during the evaluation process, if a lobbyist or advocate is hired or retained.
- (6) Provide as a minimum three (3) references for the projects cited as related experience, and furnish the name, title, address, telephone number, and email address of the person(s) at the client organization who is most knowledgeable about the work performed. Offeror may also supply references from other work not cited in this section as related experience.

**b. Proposed Staffing and Project Organization**

This section of the proposal should establish the method, which will be used by the Offeror to manage the project as well as identify key personnel assigned.

Offeror to:

- (1) Identify key personnel proposed to perform the work in the specified tasks and include major areas of subcontract work. Include the person's name, current location, proposed position for this project, current assignment, level of commitment to that assignment, availability for this assignment and how long each person has been with the firm.
- (2) Furnish brief resumes (not more than two [2] pages each) for the proposed Project Manager and other key personnel that includes education, experience, and applicable professional credentials.

- (5) Include a statement that key personnel will be available to the extent proposed for the duration of the project acknowledging that no person designated as "key" to the project shall be removed or replaced without the prior written concurrence of the Authority.

**c. Work Plan**

Offeror should provide a narrative, which addresses the Scope of Work, and shows Offeror's understanding of Authority's needs and requirements.

Offeror to:

- (1) Describe the approach to completing the tasks specified in the Scope of Work. The approach to the work plan shall be of such detail to demonstrate the Offeror's ability to accomplish the project objectives and overall schedule.
- (2) Outline sequentially the activities that would be undertaken in completing the tasks and specify who would perform them.
- (3) Furnish a project schedule for completing the tasks in terms of elapsed weeks.
- (4) Identify methods that Offeror will use to ensure quality control as well as budget and schedule control for the project.

- (5) Identify any special issues or problems that are likely to be encountered in this project and how the Offeror would propose to address them.

**d. Exceptions/Deviations**

State any technical and/or contractual exceptions and/or deviations from the requirements of this RFP, including the Authority's technical requirements and contractual terms and conditions set forth in the Scope of Work (Exhibit A) and Proposed Agreement (Exhibit C), using the form entitled "Proposal Exceptions and/or Deviations" included in this RFP. This Proposal Exceptions and/or Deviations form must be included in the original proposal submitted by the Offeror. If no technical or contractual exceptions and/or deviations are submitted as part of the original proposal, Offerors are deemed to have accepted the Authority's technical requirements and contractual terms and conditions set forth in the Scope of Work (Exhibit A) and Proposed Agreement (Exhibit C). Offerors will not be allowed to submit the Proposal Exceptions and/or Deviations form or any technical and/or contractual exceptions after the proposal submittal date identified in the RFP. Exceptions and/or deviations submitted after the proposal submittal date will not be reviewed by Authority.

All exceptions and/or deviations will be reviewed by the Authority and will be assigned a "pass" or "fail" status. Exceptions and deviations that "pass" do not mean that the Authority has accepted the change but that it is a potential negotiable issue. Exceptions and deviations that receive a "fail" status means that the requested change is not something that the Authority would consider a potential negotiable issue. Offerors that receive a "fail" status on their exceptions and/or deviations will be notified by the Authority and will be allowed to retract the exception and/or deviation and continue in the evaluation process. Any exceptions and/or deviation that receive a "fail" status and the Offeror cannot or does not retract the requested change may result in the firm being eliminated from further evaluation.

**4. Cost and Price Proposal**

As part of the cost and price proposal, the Offeror shall submit proposed pricing to provide the services for each work task described in Exhibit A, Scope of Work.

The Offeror shall complete the "Price Summary Sheet" form included with this RFP (Exhibit B), and furnish any narrative required to explain the prices quoted in the schedules. It is anticipated that the Authority will issue a time and time and expense-price contract specifying fully burdened labor rates and anticipated expenses to complete the Scope of Work.

**5. Appendices**

Information considered by Offeror to be pertinent to this project and which has not been specifically solicited in any of the aforementioned sections may be placed in a separate appendix section. Offerors are cautioned, however, that this does not constitute an invitation to submit large amounts of extraneous materials. Appendices should be relevant and brief.

**B. FORMS**

**1. Status of Past and Present Contracts Form**

Offeror shall complete and sign the form entitled "Status of Past and Present Contracts" provided in this RFP and submit as part of its proposal. Offeror shall identify the status of past and present contracts where the firm has either provided services as a prime vendor or a subcontractor during the past five (5) years in which the contract has been the subject of or may be involved in litigation with the contracting authority. This includes, but is not limited to, claims, settlement agreements, arbitrations, administrative proceedings, and investigations arising out of the contract. Offeror shall have an ongoing obligation to update the Authority with any changes to the identified contracts and any new litigation, claims, settlement agreements, arbitrations, administrative proceedings, or investigations that arise subsequent to the submission of Offeror's proposal.

A separate form must be completed for each identified contract. Each form must be signed by the Offeror confirming that the information provided is true and accurate. Offeror is required to submit one copy of the completed form(s) as part of its proposals and it should be included in only the original proposal.

**2. Proposal Exceptions and/or Deviations Form**

Offerors shall complete the form entitled "Proposal Exceptions and/or Deviations" provided in this RFP and submit it as part of the original

proposal. For each exception and/or deviation, a new form should be used, identifying the exception and/or deviation and the rationale for requesting the change. Exceptions and/or deviations submitted after the proposal submittal date will not be reviewed nor considered by the Authority.

 Reasonableness of the fully burdened rates and expenses; competitiveness with other offers received; adequacy of data in support of figures quoted.

#### **B. EVALUATION PROCEDURE**

An evaluation committee will be appointed to review all proposals received for this RFP. The committee is comprised of Authority staff and may include outside personnel. The committee members will evaluate the written proposals using criteria identified in Section III A. A list of top-ranked proposals, firms within a competitive range, will be developed based upon the totals of each committee members' score for each proposal.

During the evaluation period, the Authority may interview some or all of the proposing firms. The Authority has established August 18, 2022, as the date to conduct interviews. All prospective Offerors are asked to keep this date available. No other interview dates will be provided, therefore, if an Offeror is unable to attend the interview on this date, its proposal may be eliminated from further discussion.

The interview may consist of a short presentation by the Offeror after which the evaluation committee will ask questions related to the firm's proposal and qualifications.

At the conclusion of the proposal evaluations, the evaluation committee will score the proposals to develop a competitive range. Offerors remaining within the competitive range may be asked to submit a Best and Final Offer (BAFO). In the BAFO request, the firms may be asked to provide additional information, confirm or clarify issues and submit a final cost/price offer. A deadline for submission will be stipulated.

At the conclusion of the evaluation process, the evaluation committee will recommend to the Authority's management, the Offeror with the highest final ranking or a short list of top ranked firms within the competitive range whose proposal(s) is most advantageous to the Authority.

**C. AWARD**

The Authority may also negotiate contract terms with the selected Offeror prior to award, and expressly reserves the right to negotiate with several Offerors simultaneously and, thereafter, to award a contract to the Offeror offering the most favorable terms to the Authority.

The Authority reserves the right to award its total requirements to one Offeror or to apportion those requirements among several Offerors as the Authority may deem to be in its best interest. In addition, negotiations may or may not be conducted with Offerors; therefore, the proposal submitted should contain Offeror's most favorable terms and conditions, since the selection and award may be made without discussion with any Offeror.

The selected Offeror will be required to submit to the Authority's Accounting department a current IRS W-9 form prior to commencing work.

**D. NOTIFICATION OF AWARD AND DEBRIEFING**

Offerors who submit a proposal in response to this RFP shall be notified via CAMM NET of the contract award. Such notification shall be made within three (3) business days of the date the contract is awarded.

Offerors who were not awarded the contract may obtain a debriefing concerning the strengths and weaknesses of their proposal. Unsuccessful Offerors, who wish to be debriefed, must request the debriefing in writing or electronic mail and the Authority must receive it within three (3) business days of notification of the contract award.

**EXHIBIT A: SCOPE OF WORK**

## **SCOPE OF WORK**

### **Measure M2 Environmental Cleanup Program Consultant Support**

#### Project Overview

The Orange County Transportation Authority's (OCTA) Environmental Cleanup Program (ECP) provides for a 2 percent (2%) allocation of annual Measure M (M2) gross revenues to improve overall water quality in Orange County from transportation-related pollution. The M2 Early Action Plan, approved by the OCTA's Board of Directors (Board) in August 2007, directed a priority be given to developing funding program guidelines and policies for the water quality component of M2. These funds are to be allocated on a countywide competitive basis to assist local jurisdictions in meeting the Clean Water Act standards for controlling transportation-related pollution.

The ECP is divided into two (2) grant funding programs (Tier 1 and Tier 2) based on the May 2010 Board policy. The Tier 1 grant program is designed to mitigate the more visible forms of pollutants, such as litter and debris that collect on roadways and in storm drains prior to being deposited in waterways and the ocean. Tier 1 consists of funding for equipment purchase and installation and upgrades to existing catch basins and related best management practices (BMP) such as screens and filters. The Tier 2 grant program consists of funding regional, potentially multi-jurisdictional, and capital-intensive projects. Examples include constructed wetlands, detention/infiltration basins, and bioswales, which mitigate pollutants including litter and debris, heavy metals, organic chemicals, and sediment.

To date, the Board has approved funding for 199 Tier 1 projects, totaling just over \$30 million over 11 annual calls for projects. In addition, two (2) rounds of Tier 2 funding have been allocated to 22 projects, totaling \$27.9 million. Annual Tier 1 calls for projects are planned. Based on feedback from prospective Tier 2 project proponents and funding availability, a future Tier 2 call could occur in the mid-2023 timeframe, subject to future Board approval.

The services listed below summarize anticipated activities needed to support the Tier 1 and Tier 2 grants programs as well as general support for the ECP.

#### **1: Tier 1 Grant Program**

- Attend stakeholder meetings including one-on-one meetings with potential project applicants to discuss proposed projects;
- Prepare presentations for stakeholder meetings;
- Provide support, quantitative analysis, and scoring for annual Tier 1 calls for projects. Scoring for Tier 1 applications would include reviewing and verifying data submitted by applicants for responses to Cost/Benefit and BMP Pollution Reduction Benefits application questions;
- Meet and/or coordinate with applicants to review scoring and/or application submittal materials;
- Update Comprehensive Transportation Funding Programs guidelines for new calls for projects as needed; and

- Provide support and quantitative analysis for scope changes proposed by grant recipients to ensure that changes are consistent with the benefits of the originally proposed project.

## **2: Tier 2 Grant Program**

- Attend and/or coordinate meetings with OCTA staff, Environmental Cleanup Allocation Committee and others;
- Provide training to applicants on the application and planning tools to support applicants throughout the Tier 2 application process;
- Provide project support and recommendations to potential applicants to improve water quality benefits;
- Provide support and quantitative analysis for the future Tier 2 call for projects including but not limited to the project application evaluation and scoring process;
- Update Comprehensive Transportation Funding Programs guidelines for new calls for projects as needed;
- Attend field meetings for potential Tier 2 projects;
- Meet with Tier 2 project applicants to discuss scoring of the project(s).

## **3: General ECP Support**

- Evaluate and assess the Tier 1 and Tier 2 grant programs needs and recommend, as appropriate, if OCTA should continue on this path and endeavor on a different funding approach(es);
- Update the Comprehensive Transportation Funding Programs guidelines to reflect changes to the funding approach as well as address regulatory requirements;
- Develop supporting materials for changes to the ECP, as appropriate; and
- Attend and participate at staff and/or advisory committee and Board meetings.

5 **ARTICLE 24. PATENT AND COPYRIGHT INFRINGEMENT**

6 A. In lieu of any other warranty by AUTHORITY or CONSULTANT against patent or copyright  
7 infringement, statutory or otherwise, it is agreed that CONSULTANT shall defend at its expense any claim  
8 or suit against AUTHORITY on account of any allegation that any item furnished under this Agreement  
9 or the normal use or sale thereof arising out of the performance of this Agreement, infringes upon any  
10 presently existing U.S. letters patent or copyright and CONSULTANT shall pay all costs and damages  
11 finally awarded in any such suit or claim, provided that CONSULTANT is promptly notified in writing of  
12 the suit or claim and given authority, information and assistance at CONSULTANT's expense for the  
13 defense of same. However, CONSULTANT will not indemnify AUTHORITY if the suit or claim results  
14 from: (1) AUTHORITY's alteration of a deliverable, such that said deliverable in its altered form infringes  
15 upon any presently existing U.S. letters patent or copyright; or (2) the use of a deliverable in combination  
16 with other material not provided by CONSULTANT when such use in combination infringes upon an  
17 existing U.S. letters patent or copyright.

18 B. CONSULTANT shall have sole control of the defense of any such claim or suit and all  
19 negotiations for settlement thereof. CONSULTANT shall not be obligated to indemnify AUTHORITY  
20 under any settlement made without CONSULTANT's consent or in the event AUTHORITY fails to  
21 cooperate fully in the defense of any suit or claim, provided, however, that said defense shall be at  
22 CONSULTANT's expense. If the use or sale of said item is enjoined as a result of such suit or claim,  
23 CONSULTANT, at no expense to AUTHORITY, shall obtain for AUTHORITY the right to use and sell  
24 said item, or shall substitute an equivalent item acceptable to AUTHORITY and extend this patent and  
25 copyright indemnity thereto.

All of CONSULTANT's finished technical data, including but not limited to illustrations, photographs, tapes, software, software design documents, including without limitation source code, binary code, all media, technical documentation and user documentation, photoprints and other graphic information required to be furnished under this Agreement, shall be AUTHORITY's property upon payment and shall be furnished with unlimited rights and, as such, shall be free from proprietary restriction except as elsewhere authorized in this Agreement. CONSULTANT further agrees that it shall have no interest or claim to such finished, AUTHORITY-owned, technical data; furthermore, said data is subject to the provisions of the Freedom of Information Act, 5 USC 552.

B. It is expressly understood that any title to preliminary technical data is not passed to AUTHORITY but is retained by CONSULTANT. Preliminary data includes roughs, visualizations, software design documents, layouts and comprehensives prepared by CONSULTANT solely for the purpose of demonstrating an idea or message for AUTHORITY's acceptance before approval is given for preparation of finished artwork. Preliminary data title and right thereto shall be made available to AUTHORITY if CONSULTANT causes AUTHORITY to exercise Article 13, and a price shall be negotiated for all preliminary data.
