- c. The Authority reserves the right to issue a new RFP for the project.
- d. The Authority reserves the right to postpone proposal openings for its own convenience.

I. TAXES

Offerors' proposals are subject to State and Local sales taxes. However, the Authority is exempt from the payment of Federal Excise and Transportation Taxes. Offeror is responsible for payment of all taxes for any goods, services, processes, and operations incidental to or involved in the contract.

It is anticipated that the Agreement resulting from this solicitation, if awarded, will be time-and-expense with fully-burdened labor rates and anticipated expenses for work specified in the scope of work, included in the RFP as Exhibit A. The Agreement will have a three (3)-year initial term with one, two (2)-year option term.

L. CONFLICT OF INTEREST

All Offerors responding to this RFP must avoid organizational conflicts of interest which would restrict full and open competition in this procurement. An organizational conflict of interest means that due to other activities, relationships or contracts, an Offeror is unable, or potentially unable, to render impartial

assistance or advice to the Authority; an Offeror's objectivity in performing the work identified in the Scope of Work is or might be otherwise impaired; or an Offeror has an unfair competitive advantage. Conflict of Interest issues must be fully disclosed in the Offeror's proposal.

All Offerors must disclose in their proposal and immediately throughout the course of the evaluation process if they have hired or retained an advocate to lobby Authority staff or the Board of Directors on their behalf.

Offerors hired to perform services for the Authority are prohibited from concurrently acting as an advocate for another firm who is competing for a contract with the Authority, either as a prime or subcontractor.

M. CODE OF CONDUCT

All Offerors agree to comply with the Authority's Code of Conduct as it relates to Third-Party contracts which is hereby referenced and by this reference is incorporated herein. All Offerors agree to include these requirements in all of its subcontracts.

N. OWNERSHIP OF RECORDS/PUBLIC RECORDS ACT

All proposals and documents submitted in response to this RFP shall become the property of the Authority and a matter of public record pursuant to the California Public Records Act, Government Code sections 6250 et seq. (the "Act"). Offerors should familiarize themselves with the provisions of the Act requiring disclosure of public information. Offerors are discouraged from marking their proposal documents as "confidential" or "proprietary."

If a Proposal does include "confidential" or "proprietary" markings and the Authority receives a request pursuant to the Act, the Authority will endeavor (but cannot guarantee) to notify the Offeror of such a request. In order to protect any information submitted within a Proposal, the Offeror must pursue, at its sole cost and expense, any and all appropriate legal action necessary to maintain the confidentiality of such information. The Authority generally does not consider pricing information, subcontractor lists, or key personnel, including resumes, as being exempt from disclosure under the Act. In no event shall the Authority or any of its officers, directors, employees, agents, representatives, or consultants be liable to an Offeror for the disclosure of any materials or information submitted in response to the RFP or by failing to notify an Offeror of a request seeking its Proposal. The Authority reserves the right to make an independent decision to disclose records and material.

Notwithstanding the above, all information regarding proposal responses will be held as confidential until such time as the evaluation has been completed; an award has been made by the Board of Directors or Authority Staff, as appropriate; and the contract has been fully negotiated.

This Proposal Exceptions and/or Deviations form (Exhibit G) must be included in the original proposal submitted by the Offeror. If no technical or contractual exceptions and/or deviations are submitted as part of the original proposal, Offerors are deemed to have accepted the Authority's technical requirements and contractual terms and conditions set forth in the Scope of Work (Exhibit A) and Proposed Agreement (Exhibit C). Offerors will not be allowed to submit the Proposal Exceptions and/or Deviations form (Exhibit G) or any technical and/or contractual exceptions after the proposal submittal date identified in the RFP. Exceptions and/or deviations submitted after the proposal submittal date will not be reviewed by Authority.

All exceptions and/or deviations will be reviewed by the Authority and will be assigned a "pass" or "fail" status. Exceptions and deviations that "pass" do not mean that the Authority has accepted the change but that it is a potential negotiable issue. Exceptions and deviations that receive a "fail" status means that the requested change is not

something that the Authority would consider a potential negotiable issue. Offerors that receive a “fail” status on their exceptions and/or deviations will be notified by the Authority and will be allowed to retract the exception and/or deviation and continue in the evaluation process. Any exceptions and/or deviation that receive a “fail” status and the Offeror cannot or does not retract the requested change may result in the firm being eliminated from further evaluation.

4. Cost and Price Proposal

As part of the cost and price proposal, the Offeror shall submit proposed pricing to provide the services for work described in Exhibit A, Scope of Work.

The Offeror shall complete the "Price Summary Sheet" form included with this RFP (Exhibit B), **as a separate sealed package from the proposal.** No information regarding individual hourly rates shall be mentioned anywhere in the proposal content.

It is anticipated that the Authority will issue a time-and-expense price contract specifying fully-burdened labor rates and anticipated expenses to complete the Scope of Work.

All proposals **must include Exhibit B, Price Summary Sheet, as a separate sealed package from the proposal.**

5. Appendices

Information considered by Offeror to be pertinent to this project and which has not been specifically solicited in any of the aforementioned sections may be placed in a separate appendix section. Offerors are cautioned, however, that this does not constitute an invitation to submit large amounts of extraneous materials. Appendices should be relevant and brief.

B. FORMS

1. Campaign Contribution Disclosure Form

In conformance with the statutory requirements of the State of California Government Code Section 84308, part of the Political Reform Act and Title 2, California Code of Regulations 18438 through 18438.8, regarding campaign contributions to members of appointed Board of Directors, Offeror is required to complete and sign the Campaign Contribution Disclosure Form provided in this RFP and submit as part of the proposal.

This form **must** be completed regardless of whether a campaign contribution has been made or not and regardless of the amount of the contribution.

The prime contractor, subconsultants, lobbyists and agents are required to report all campaign contributions made from the proposal submittal date up to and until the Board of Directors makes a selection.

Offeror is required to submit only one copy of the completed form(s) as part of its proposal.

2. Status of Past and Present Contracts Form

Offeror shall complete and sign the form entitled "Status of Past and Present Contracts" provided in this RFP and submit as part of its proposal. Offeror shall identify the status of past and present contracts where the firm has either provided services as a prime vendor or a subcontractor during the past five (5) years in which the contract has been the subject of or may be involved in litigation with the contracting authority. This includes, but is not limited to, claims, settlement agreements, arbitrations, administrative proceedings, and investigations arising out of the contract. Offeror shall have an ongoing obligation to update the Authority with any changes to the identified contracts and any new litigation, claims, settlement agreements, arbitrations, administrative proceedings, or investigations that arise subsequent to the submission of Offeror's proposal.

A separate form must be completed for each identified contract. Each form must be signed by the Offeror confirming that the information provided is true and accurate.

3. Proposal Exceptions and/or Deviations Form

Offerors shall complete the form entitled "Proposal Exceptions and/or Deviations" provided in this RFP and submit it as part of the original proposal. For each exception and/or deviation, a new form should be used, identifying the exception and/or deviation and the rationale for requesting the change. Exceptions and/or deviations submitted after the proposal submittal date will not be reviewed nor considered by the Authority.

- 2. Staffing and Project Organization 25%**

Qualifications of project staff, particularly key personnel and especially the Project Manager; key personnel's level of involvement in performing related work cited in "Qualifications of the Firm" section; logic of project organization; adequacy of labor commitment; concurrence in the restrictions on changes in key personnel.
- 3. Work Plan 30%**

Depth of Offeror's understanding of Authority's requirements and overall quality of work plan; logic, clarity, and specificity of work plan; appropriateness of resource allocation among the tasks; reasonableness of proposed schedule; utility of suggested technical or procedural innovations.
- 4. Cost and Price 25%**

Reasonableness of fully-burdened hourly rates and competitiveness with other offers received; adequacy of data in support of figures quoted.

B. EVALUATION PROCEDURE

An evaluation committee will be appointed to review all proposals received for this RFP. The committee is comprised of Authority staff and may include outside personnel. The committee members will evaluate the written proposals using criteria identified in Section III A. A list of top-ranked proposals, firms within a competitive range, will be developed based upon the totals of each committee members' score for each proposal.

During the evaluation period, the Authority may interview some or all of the proposing firms. The Authority has established February 22, 2023 as the date to conduct interviews. All prospective Offerors are asked to keep this date available.

No other interview dates will be provided, therefore, if an Offeror is unable to attend the interview on this date, its proposal may be eliminated from further discussion. The interview may consist of a short presentation by the Offeror after which the evaluation committee will ask questions related to the firm's proposal and qualifications.

At the conclusion of the proposal evaluations, the evaluation committee will score the proposals to develop a competitive range. Offerors remaining within the competitive range may be asked to submit a Best and Final Offer (BAFO). In the BAFO request, the firms may be asked to provide additional information, confirm or clarify issues and submit a final cost/price offer. A deadline for submission will be stipulated.

At the conclusion of the evaluation process, the evaluation committee will recommend to the Legislative and Communications Committee, the Offeror with the highest final ranking or a short list of top ranked firms within the competitive range whose proposal(s) is most advantageous to the Authority. The Board Committee will review the evaluation committee's recommendation and forward its recommendation to the Board of Directors for final action.

C. AWARD

The Authority's Board of Directors will consider the selection of the firm(s) recommended by the Board Committee.

The Authority may also negotiate contract terms with the selected Offeror prior to award, and expressly reserves the right to negotiate with several Offerors simultaneously and, thereafter, to award a contract to the Offeror offering the most favorable terms to the Authority.

Offeror acknowledges that the Authority's Board of Directors reserves the right to award this contract in its sole and absolute discretion to any Offeror to this RFP regardless of the evaluation committee's recommendation or recommendation of a Board Committee.

The Authority reserves the right to award its total requirements to one Offeror or to apportion those requirements among several Offerors as the Authority may deem to be in its best interest. In addition, negotiations may or may not be conducted with Offerors; therefore, the proposal submitted should contain Offeror's most favorable terms and conditions, since the selection and award may be made without discussion with any Offeror.

The selected Offeror will be required to submit to the Authority's Accounting department a current IRS W-9 form prior to commencing work.

D. NOTIFICATION OF AWARD AND DEBRIEFING

Offerors who submit a proposal in response to this RFP shall be notified via CAMM NET of the contract award. Such notification shall be made within three (3) business days of the date the contract is awarded.

Offerors who were not awarded the contract may obtain a debriefing concerning the strengths and weaknesses of their proposal. Unsuccessful Offerors, who wish to be debriefed, must request the debriefing in writing or electronic mail and the Authority must receive it within three (3) business days of notification of the contract award.

EXHIBIT A: SCOPE OF WORK

SCOPE OF WORK

Public Outreach for the Interstate 605/Katella Avenue Interchange Project for the Pre-Construction and Construction Phases

BACKGROUND

The Orange County Transportation Authority (OCTA), in cooperation with the California Department of Transportation (Caltrans), proposes to improve the local interchange at Interstate 605 (I-605) and Katella Avenue by modifying ramps, widening Katella Avenue, and improving bicycle and pedestrian facilities.

The I-605/Katella Avenue interchange connects the San Gabriel River Freeway, a major north-south transportation route in Orange and Los Angeles Counties, with Katella Avenue, an east-west regional corridor that crosses through the two counties. The Project area includes the interchange as well as Katella Avenue between Coyote Creek Channel at the county line and Civic Center Drive in the City of Los Alamitos, adjacent to the community of Rossmoor.

Known as Project M in the OC Go program (also known as Measure M), the \$35 million Project is funded by local and federal funds.

The Project includes widening the northbound loop off-ramp and the southbound on- and off-ramps and realigning and widening the northbound on-ramp. In addition, Katella Avenue will be widened in both directions to provide standard-width lanes and shoulders within the interchange and to tie in with the ramp improvements.

The Project is in the design phase, which is expected to be completed in mid-2023. Right-of-way activities, such as utility relocation agreements, appraisals, acquisitions, and certification, are anticipated to continue through 2023. The project will be advertised in late 2023 and awarded in early 2024, with construction expected to begin in mid-2024 and take approximately two (2) years.

ROLE OF CONSULTANT

Consultant shall be responsible for developing and implementing a proactive, effective and comprehensive public outreach program for the Project's preconstruction and construction phases. Consultant and its team will be an extension of OCTA staff and will report to OCTA's Outreach Project Manager.

- Compile and provide communications metrics on a monthly, annual, and as-needed basis

SCOPE OF SERVICES

Project Staffing

OCTA is seeking a Consultant team that includes the following key roles:

Project Manager

The Project Manager will serve as the primary point of contact. The Project Manager will be responsible for leading and managing Consultant team and subconsultants; overseeing the Project budget and monitoring the burn rate; conceptualizing, developing, and executing the communications plan; reviewing construction schedules and meeting deadlines and delivery of work tasks; and ensuring best practice and quality standards are met. The Project Manager shall ensure monthly invoice content is accurate and that labor hours are thoroughly justified and not duplicative.

The Project Manager shall communicate and coordinate in a timely manner all work and progress on the outreach program to the OCTA Outreach Project Manager. The Project Manager will be held accountable for Consultant team's overall performance.

The Project Manager must possess experience, knowledge, and skills in the following key areas:

- Demonstrated ability to develop public awareness and understanding of large-scale capital improvement projects – preferably freeway improvement projects – including project complexity and benefits.
- Proven experience communicating technical information to the general public in a manner that is clear and concise.
- Thorough understanding of construction and traffic management plans.
- Principles and practices of effective communications and community outreach, including the ability to leverage multimedia platforms and technology (i.e., social media, geofencing, email, text alerts, etc.) to engage a wide range of multilingual stakeholders.
- Management and oversight of Consultant team

Consultant's Project Manager may be removed and replaced only with the written consent of the OCTA Outreach Project Manager. Due to the importance of consistent project management for continuity, institutional knowledge, and to facilitate timely completion of the Project materials, OCTA will consider the unauthorized removal of Consultant's Project Manager as grounds for termination of the contract. OCTA reserves the right to require Consultant to remove and replace Consultant's Project Manager or any member of Consultant/sub-consultant team from the Project for cause.

Community Liaison

Community Liaison(s) will be responsible for providing day-to-day professional, organizational, and logistical services and support. Community Liaisons' duties include, but are not limited to, organizing stakeholder meetings and special events, managing social media platforms, developing collateral and presentation materials, coordinating direct mailers and canvassing efforts, identifying potential problems for early resolution, and responding to/resolving constituent concerns.

Community Liaisons are expected to be "boots on the ground" and in the trenches, interacting with the Project contractor, OCTA, Caltrans, and the community at-large. Consultant should propose Community Liaisons with expertise in communicating about highway construction and public outreach best practices. Community Liaisons need a general understanding of construction terms, methods, and associated community impacts. Community Liaisons must lead with empathy when interacting with all audiences.

Account Coordinator

Account Coordinators will be responsible for supporting the Project Manager and Community Liaisons with a host of communication and outreach responsibilities, including special event planning, event setup and staffing, neighborhood outreach, delivery of materials and supplies. In addition, these junior-level staff will update the Project database on a regular basis, document and catalog outreach metrics, and perform other organizational and logistical tasks.

Graphic Designer

Graphic Designers will be responsible for conceptualizing, designing, and producing visual communications. The Graphic Designer will be expected to deliver products that are clear, clean, simple, and informative using high-quality images that establish and/or enhance the public's understanding of the Project and associated activities. Examples of online and print communications include flyers, brochures, poster boards, maps, information graphics, short videos for social media platforms, and advertisements. It is often necessary for collateral to be developed and distributed within the same day due to the dynamic nature of construction.

Consultant must provide samples of collateral materials to demonstrate ability to provide relevant, easy-to-understand graphics and copy to the public for an infrastructure project. The samples are to be included as part of the proposal submission

Large-format printing may be required on occasion. Day-to-day printing of collateral such as facts sheets or flyers will be handled in-house at OCTA by OCTA's Reprographics Department.

Subconsultant Services

In addition to the prime Consultant's team/key personnel, Consultant must have the capacity to retain subconsultants to deliver a range of services, including but not be limited to:

- Collateral canvassing and courier
- Large-format, specialty printing
- Mail house/postage
- Translation
- Multilingual helpline support
- Social media support

Not all services listed above are required to be provided by subconsultants. Please indicate if services can be performed by the prime consultant.

The monthly report will itemize work tasks (i.e., construction alerts, e-blasts, flyers, calendar of meetings/presentations/events, social media metrics). Important milestones will be included. The reports also will include a brief analysis by metric category of month-over-month changes to support adjustments to outreach strategies or tactics.

The attached Campaign Contribution Disclosure Form must be completed by applicants for, or persons who are the subject of, any proceeding involving a license, permit, or other entitlement for use pending before the Board of Directors of the OCTA or any of its affiliated agencies. (Please see next page for definitions of these terms.)

IMPORTANT NOTICE

Basic Provisions of Government Code Section 84308

- A. If you are an applicant for, or the subject of, any proceeding involving a license, permit, or other entitlement for use, you are prohibited from making a campaign contribution of more than \$250 to any board member or his or her alternate. This prohibition begins on the date your application is filed or the proceeding is otherwise initiated, and the prohibition ends three months after a final decision is rendered by the Board of Directors. In addition, no board member or alternate may solicit or accept a campaign contribution of more than \$250 from you during this period.
- B. These prohibitions also apply to your agents, and, if you are a closely held corporation, to your majority shareholder as well. These prohibitions also apply to your subcontractor(s), joint venturer(s), and partner(s) in this proceeding. Also included are parent companies and subsidiary companies directed and controlled by you, and political action committees directed and controlled by you.
- C. You must file the attached disclosure form and disclose whether you or your agent(s) have in the aggregate contributed more than \$250 to any board member or his or her alternate during the 12-month period preceding the filing of the application or the initiation of the proceeding.
- D. If you or your agent have in the aggregate contributed more than \$250 to any individual board member or his/or her alternate during the 12 months preceding the decision on the application or proceeding, that board member or alternate must disqualify himself or herself from the decision. However, disqualification is not required if the board member or alternate returns the campaign contribution within 30 days from the time the director knows, or should have known, about both the contribution and the fact that you are a party in the proceeding. The Campaign Contribution Disclosure Form should be completed and filed with your proposal, or with the first written document you file or submit after the proceeding commences.

1. A proceeding involving "a license, permit, or other entitlement for use" includes all business, professional, trade and land use licenses and permits, and all other entitlements for use, including all entitlements for land use, all contracts (other than competitively bid, labor or personal employment contracts), and all franchises.
2. Your "agent" is someone who represents you in connection with a proceeding involving a license, permit or other entitlement for use. If an individual acting as an agent is also acting in his or her capacity as an employee or member of a law, architectural, engineering, consulting firm, or similar business entity, both the business entity and the individual are "agents."
3. To determine whether a campaign contribution of more than \$250 has been made by you, campaign contributions made by you within the preceding 12 months must be aggregated with those made by your agent within the preceding 12 months or the period of the agency, whichever is shorter. Contributions made by your majority shareholder (if a closely held corporation), your subcontractor(s), your joint venturer(s), and your partner(s) in this proceeding must also be included as part of the aggregation. Campaign contributions made to different directors or their alternates are not aggregated.
4. A list of the members and alternates of the Board of Directors is attached.

This notice summarizes the major requirements of Government Code Section 84308 of the Political Reform Act and California Code of Regulations, Title 2 Sections 18438-18438.8.
