If an "Exhibit E-1 Consultant DBE Commitment" form is not submitted with the Bid, you will be found non-responsive.

Please Note: OCTA recommends submission of Exhibit E-3 even when submitting an Exhibit E-1 that appears to meet the goal, as noted within Exhibit E-3 instructions: Although not required, proposer should submit the following information even if the "DBE Participation Commitment Form" indicates that the proposer has met the DBE goal. This will protect the proposer's eligibility for award of the contract if Authority determines that the proposer failed to meet the goal for various reasons, e.g., a DBE firm was not certified at Bid submission, is not certified in the scope of work, or the proposer made a mathematical error.

33

"Exhibit E-1 Consultant DBE Participation Commitment" Form All areas must be properly completed. Λ If proposing as a DBE Prime note "Prime Certified DBE" in the M MUST BE COMPLETED AND SUBMITTED WITH THE BID AS A CONDITION OF DBE RESPONSIVENESS upper right side of the Form and list yourselves in the DBE Contract Information Section (Boxes 7, 8, 9 & 10) Ensure the DBE certification number in Box 8 is the DBE firms CUCP certification number. Only count a DBE firm's eligible participation in Box 10 (e.g. 60% credit as a supplier, only count mark up fees for brokers or facilitation of supply). It is the Prime's responsibility to determine if a firm is working as a supplier or a broker to calculate the eligible participation. Box 11 should only reflect the eligible portion of DBE participation and equal the sum of the values listed in in Box 10. Ensure the percentage of eligible participation in Box 11 is calculated against the total cost bid including any allowances and options.

33

Conditions of Responsiveness (Cont)

 At time of bid submission, DBEs must possess a valid DBE Certification from the California Unified Certification Program (CUCP) (https://dot.ca.gov/programs/civil-rights/dbe-search).

 A firm's participation is only eligible to count towards DBE credit in the work code category (WCC) or the North American Industry Classification System (NAICS) codes contained within their CUCP DBE Profile:

 Services subcontracted by DBE firms to non-DBE firms may not be credited towards DBE participation.

35

35

- This Form must be submitted for each DBE firm proposed and listed on the "Exhibit E-1 Consultant DBE Commitment" form
- Form must be signed by each DBE firm

- Form must be submitted no later than 4:00 p.m. on the 2nd business day after the bid due date

Good Faith Efforts (GFE) Requirements

- Bidder must demonstrate REAL and SUBSTANTIVE Efforts
- Bidder must have undertaken all necessary and reasonable steps to achieve the DBE goal that by their scope, intensity, and appropriateness to the objective of meeting the goal could reasonably be expected to obtain sufficient DBE Participation.
- Authority will consider the quality, quantity, and intensity of the different kinds of efforts undertaken by Bidder.
- Authority will examine GFE made by other Bidders, for the same solicitation, for comparison.
- A GFE Toolkit is available on CAMMNET for additional guidance. https://cammnet.octa.net/dbe/files/GFE%20Toolkit.pdf

37

37

Good Faith Efforts (GFE) Requirements

IFB EXHIBIT E-3 "DBE Information - Good Faith Efforts" (Exhibit E-3)

If the offeror has met the DBE goal based on the participation of DBEs listed on the offeror's "Consultant DBE Commitment Form Exhibit E-1", it is at the offeror's discretion (i.e. this is not mandatory) to submit "DBE Information – Good Faith Efforts," form.

However, the submission of good faith efforts documentation can protect the offeror's eligibility for award of the contract if the Authority determines that the offeror failed to meet the goal for various reasons (e.g., a DBE firm was not certified at Bid submission, or the offeror made a mathematical error).

Submittal of only the "DBE Information – Good Faith Efforts," form may not provide sufficient documentation to demonstrate that adequate good faith efforts were made; therefore, the offeror is encouraged to attach additional information and supporting documents as necessary.

(refer to the DBE Information-Good Faith Efforts form in the IFB)

A. Items of Work the Bidder Made Available to DBE Firms;

The percentage of work made available should exceed the DBE contract goal

- The scopes of work made available should match what was listed on the proposer's Request for Bid, Advertisement and solicitation e-mails
- Bidder should unbundle larger scope items to facilitate DBE participation.

39

39

Requirements for Good Faith Efforts (GFE) When Goal Not Met

B. Solicitation Effort Documentation;

- A reasonable amount of DBEs must be solicited from the available firms per scope area (NAICS/WCC) made available. If OCTA's DBE Listing includes 300 DBE firms in a NAICS or WCC category, contacting 50 firms would not demonstrate an adequate good faith effort in this GFE area.
- Bidder to ensure they are conducting accurate searches, CUCP Database DBE Search Instructional Guides are available on the Authority's website: https://cammnet.octa.net/dbe/
- If Bidder prepares a summary sheet of written solicitations that occurred, evidence of the individual solicitations should be submitted with the summary sheet. A summary sheet and a template of the solicitation language does not demonstrate adequate GFE unless the individual solicitations are also submitted.
- Call logs must include type date, time and who was spoken to and results of the communication (e.g. interested, proposing, not proposing).

B. Solicitation Effort Documentation (continued);

- Bidders should solicit firms at a minimum no later than 14 calendar days prior to the Authority's bid due date and follow up to the solicitations should allow DBE firms reasonable time to respond.
- If a firm was contacted and identified to be interested or if no response was yet received, calllog or e-mail documentation must be included to show a timely follow-up was made.
- Bidder must include within their GFE documentation efforts to identify correct numbers or emails if numbers were out of service or e-mails were returned.
- DBE firms solicited must be advised if the original bid due date has been extended.

41

41

Requirements for Good Faith Efforts (GFE) When Goal Not Met

C. Rejected DBE Bid Documentation;

- Bidder MUST include quote(s) from rejected DBE firm(s), the quote from the firm selected for the work AND an explanation of why the selected firm was chosen over the rejected DBE.
- If the reason for rejection was "price" the quotes must be "like" in comparison? If the DBE was offered bid items 1-5 and Non-DBE firm was offered bid items 1-20, they may have an ability to offer a lower rate for items 1-5 as they can absorb the cost in other areas. These are not "like" quotes.
- If the reason for rejection was "price", the cost differential should be greater than 10%? If not, it would be reasonable to conclude the proposer should have given cognizance to the goal and opted to go with the DBE.
- Bidder to provide efforts made (and documented) to communicate, clarify and/or bring rejected DBE firms on the team.

D. Publication Efforts Made to Advertise the Projects to Solicit DBE Participation;

- To demonstrate responsiveness in this area, proposer must not place publications on a media that requires a fee to view.
- Publications must be posted a minimum of 14 calendar days before the bid due date.
- Publications must include information about the contract (location of project, contract number, bid due date, scope of work made available and contact information.)
- If the bid due date is extended, publication should be re-run to ensure potential proposers are also notified.

43

43

Requirements for Good Faith Efforts (GFE) When Goal Not Met

E. Agencies, Organizations, or Groups Contacted to Provide Assistance in Contracting, Recruiting, and Using DBEs;

- Bidder must reach out to local Agencies, Chambers or Minority Associations and submit documentation
 of these efforts.
- If assistance was provided by an agency, organization and/or group, the proposer must show they have utilized or followed-up with the assistance provided.

Examples:

District 12, District Local Assistance Engineer: Tifini Tran at (949) 756-7805 or at Tifini.Tran@dot.ca.gov District Small Business Liaisons (DSBL): Brian G. Walsh, DSBL #12 (949) 724-2332, Brian.G.Walsh@dot.ca.gov. California Construction Contracting Program (CCCP): Peg Bergmann, Project Director, at (916) 445-3512 or at peg_bergmann@dot.ca.gov.

SCORE Orange County

List of California Chambers by County: http://advocacy.calchamber.com/resources/local-chambers/Construction Management Association of America (So Cal Chapter): www.cmaasc.org

F. Efforts to Provide Information About the Plans, Specifications, and Contract Requirements;

- Assistance should be documented in the publication and Invitation For Bid.
- Bidder to provide e-mails or faxes to document assistance was provided.
- Efforts should exclude supplies and equipment the DBE subconsultant purchases or leases from the prime consultant or its affiliate(s).

G. Assistance with Lines of Credit, Insurance, and/or other Services;

- · Assistance should be documented in the publication and Bidder's Invitation For Bid.
- Bidder to provide e-mails or faxes to document assistance was provided.
- Bidder to submit documentation of innovative measures to assist DBEs with bonding, lines of credit or insurance.
- Bidder should provide a link to the plans and specifications in their solicitation or document how plans and specifications were made available to prospective proposers by some other means.

45

45

Requirements for Good Faith Efforts (GFE) When Goal Not Met

H. Additional Data to Support a Demonstration of Good Faith Efforts;

- Any additional good faith efforts demonstrated that do not fall into categories A through G.
- The DBE participation commitment of the other proposers is the primary consideration for this category. The Authority will determine what the average commitment of the proposers is and if this proposer met that average. If the proposer did not meet the average, it can be reasonably assumed that their good faith efforts were not sufficient in this area.

Example:

1st proposer: 3% commitment2nd proposer: 6% commitment3rd proposer: 10% commitment

In the above scenario the average of the proposers is 6.3%, as the 1st proposer came in below the average, they did not sufficiently demonstrate good faith efforts in relation to the other proposer.

Bidders List

(refer to the Bidders List in the IFB)

- Bidder is required to complete and submit the DBE Form E-4 form (titled Bidders List) to Authority no later than 4:00 p.m. on the 2nd business day after the bid due date via email to sgettel@octa.net.
- Bidders List is to include all firms (DBE and non-DBE) that submitted quotes or bids to act as subconsultants, suppliers or brokers, whether or not you elected to use them in your bid.
