Questions Received (Q) and Authority Answers (A).

Q1, In the Pre-Bid Presentation Slides (Slide 23) as well as in Exhibit H Summary Paragraph 5 “On-Site HSE Representative” on Facility Modification Projects indicates that both the OHST as well as STS are acceptable to OCTA. These designations do not require, nor reflect any background or experience in the Construction Industry.

Is it appropriate that OCTA accept these designations in lieu of CHST or CSP with Construction Industry Experience?

A1. Yes, only if the proposed individual has the following from page 1 of the Level 3 Safety specifications item number 5: The Health, Safety, and Environmental (HSE) Representative shall possess a current certification from the Board of Certified Safety Professionals (BCSP), plus five (5) years construction or scope agreement HSE experience enforcing HSE compliance on heavy or industrial construction project sites, the last two years of which have been administering HSE in the construction or scope discipline for which the Contractor is contracting with the Authority

Q2. In the Pre-Bid Presentation Slides (Slide 23) as well as in Exhibit H Summary Paragraph 5 “On-Site HSE Representative” on Facility Modification Projects indicates that the STSC is acceptable to the OCTA. This designation does not require, nor is reflective of experience as a Full-Time Safety Professional in the Construction Industry.

Is it appropriate that OCTA accept this designation in lieu of a CHST or CSP with Construction Industry Experience?
