- c. The Authority reserves the right to issue a new RFP for the project.
- d. The Authority reserves the right to postpone proposal openings for its own convenience.
- e. Each proposal will be received with the understanding that acceptance by the Authority of the proposal to provide the services described herein shall constitute a contract between the Offeror and Authority which shall bind the Offeror on its part to furnish and deliver at the prices given and in accordance with conditions of said accepted proposal and specifications.
- f. The Authority reserves the right to investigate the qualifications of any Offeror, and/or require additional evidence of qualifications to perform the work.
- g. Submitted proposals are not to be copyrighted.

F. PRE-CONTRACTUAL EXPENSES

H. TAXES

Offerors' proposals are subject to State and Local sales taxes. However, the Authority is exempt from the payment of Federal Excise and Transportation Taxes. Offeror is responsible for payment of all taxes for any goods, services, processes and operations incidental to or involved in the contract.

The Agreement will be for a three (3)-year term.

K. CONFLICT OF INTEREST

All Offerors responding to this RFP must avoid organizational conflicts of interest which would restrict full and open competition in this procurement. An organizational conflict of interest means that due to other activities, relationships

or contracts, an Offeror is unable, or potentially unable to render impartial assistance or advice to the Authority; an Offeror's objectivity in performing the work identified in the Scope of Work is or might be otherwise impaired; or an Offeror has an unfair competitive advantage. Conflict of Interest issues must be fully disclosed in the Offeror's proposal.

All Offerors must disclose in their proposal and immediately throughout the course of the evaluation process if they have hired or retained an advocate to lobby Authority staff or the Board of Directors on their behalf.

Offerors hired to perform services for the Authority are prohibited from concurrently acting as an advocate for another firm who is competing for a contract with the Authority, either as a prime or subcontractor.

L. CODE OF CONDUCT

All Offerors agree to comply with the Authority's Code of Conduct as it relates to Third-Party contracts which is hereby referenced and by this reference is incorporated herein. All Offerors agree to include these requirements in all of its subcontracts.

M. OWNERSHIP OF RECORDS/PUBLIC RECORDS ACT

All proposals and documents submitted in response to this RFP shall become the property of the Authority and a matter of public record pursuant to the California Public Records Act, Government Code sections 6250 et seq. (the "Act"). Offerors should familiarize themselves with the provisions of the Act requiring disclosure of public information. Offerors are discouraged from marking their proposal documents as "confidential" or "proprietary."

If a Proposal does include "confidential" or "proprietary" markings and the Authority receives a request pursuant to the Act, the Authority will endeavor (but cannot guarantee) to notify the Offeror of such a request. In order to protect any information submitted within a Proposal, the Offeror must pursue, at its sole cost and expense, any and all appropriate legal action necessary to maintain the confidentiality of such information. The Authority generally does not consider pricing information, subcontractor lists, or key personnel, including resumes, as being exempt from disclosure under the Act. In no event shall the Authority or any of its officers, directors, employees, agents, representatives, or consultants be liable to a Offeror for the disclosure of any materials or information submitted in response to the RFP or by failing to notify a Offeror of a request seeking its Proposal. The Authority reserves the right to make an independent decision to disclose records and material.

Notwithstanding the above, all information regarding proposal responses will be held as confidential until such time as the evaluation has been completed; an

award has been made by the Board of Directors or Authority Staff, as appropriate; and the contract has been fully negotiated.

The AUTHORITY determines which individuals are required to file a Form 700, and if such determination is made, the individuals must file Form 700s with the AUTHORITY's Clerk of the Board no later than 30 days after the execution of the Agreement, annually thereafter for the duration of the Agreement, and within 30 days of termination of the Agreement.

capability; work load; record of meeting schedules on similar projects; and supportive client references.

- (2) Provide a general description of the firm's financial condition and identify any conditions (e.g., bankruptcy, pending litigation, planned office closures, impending merger) that may impede Offeror's ability to complete the project.
- (3) Describe the firm's experience in performing work of a similar nature to that solicited in this RFP, and highlight the participation in such work by the key personnel proposed for assignment to this project.
- (4) Demonstrate knowledge and experience with managing and/or planning for transit services and transit projects, as well as understanding of competitive grant programs.
- (5) Identify subcontractors by company name, address, contact person, telephone number, email, and project function. Describe Offeror's experience working with each subcontractor.
- (6) Identify all firms hired or retained to provide lobbying or advocating services on behalf of the Offeror by company name, address, contact person, telephone number and email address. This information is required to be provided by the Offeror immediately during the evaluation process, if a lobbyist or advocate is hired or retained.
- (7) Provide as a minimum three (3) references for the projects cited as related experience, and furnish the name, title, address, telephone number, and email address of the person(s) at the client organization who is most knowledgeable about the work performed. Offeror may also supply references from other work not cited in this section as related experience.

b. Proposed Staffing and Project Organization

This section of the proposal should establish the method, which will be used by the Offeror to manage the project as well as identify key personnel assigned.

Offeror to:

- (1) Identify key personnel proposed to perform the work in the specified tasks and include major areas of subcontract work. Include the person's name, current location, proposed position for this project, current assignment, level of commitment to that assignment, availability for this assignment and how long each person has been with the firm.

c. Work Plan

Offeror should provide a narrative, which addresses the Scope of Work, and shows Offeror's understanding of Authority's needs and requirements.

Offeror to:

- (1) Describe the approach to completing the work specified in the Scope of Work. The approach to the work plan shall be of such detail to demonstrate the Offeror's ability to accomplish the project objectives and overall schedule.
- (2) Identify methods that Offeror will use to ensure quality control as well as budget and schedule control for the project.
- (3) Identify any special issues or problems that are likely to be encountered in this project and how the Offeror would propose to address them.

d. Exceptions/Deviations

State any technical and/or contractual exceptions and/or deviations from the requirements of this RFP, including the Authority's technical requirements and contractual terms and conditions set forth in the Scope of Work (Exhibit A) and Proposed Agreement (Exhibit C), using the form entitled "Proposal Exceptions and/or Deviations" included in this RFP. This Proposal Exceptions and/or Deviations form must be included in the original proposal submitted by the Offeror. If no technical or contractual exceptions and/or deviations are submitted as part of the original proposal, Offerors are deemed to have accepted the Authority's technical requirements and contractual terms and conditions set forth in the Scope of Work (Exhibit A) and Proposed Agreement (Exhibit C). Offerors will not be allowed to submit the Proposal Exceptions and/or Deviations form or any technical and/or contractual exceptions after the proposal submittal date identified in the RFP. Exceptions and/or deviations submitted after the proposal submittal date will not be reviewed by Authority.

All exceptions and/or deviations will be reviewed by the Authority and will be assigned a "pass" or "fail" status. Exceptions and deviations that "pass" do not mean that the Authority has accepted the change but that it is a potential negotiable issue. Exceptions and deviations that receive a "fail" status means that the requested change is not something that the Authority would consider a potential negotiable issue. Offerors that receive a "fail" status on their exceptions and/or deviations will be notified by the Authority and will be allowed to retract the exception and/or deviation and continue in the evaluation process. Any exceptions and/or deviation that receive a "fail" status and the Offeror cannot or does not retract the requested change may result in the firm being eliminated from further evaluation.

4. Cost and Price Proposal

As part of the cost and price proposal, the Offeror shall submit proposed pricing to provide the services for each work task described in Exhibit A, Scope of Work.

The Offeror shall complete the "Price Summary Sheet" form included with this RFP (Exhibit B), and furnish any narrative required to explain the prices quoted in the schedules. It is anticipated that the Authority will issue a time and expense-price contract specifying fully burdened labor rates and anticipated expenses to complete the Scope of Work.

5. Appendices

Information considered by Offeror to be pertinent to this project and which has not been specifically solicited in any of the aforementioned sections may be placed in a separate appendix section. Offerors are cautioned, however, that this does not constitute an invitation to submit large amounts of extraneous materials. Appendices should be relevant and brief.

B. FORMS

1. Status of Past and Present Contracts Form

Offeror shall complete and sign the form entitled “Status of Past and Present Contracts” provided in this RFP and submit as part of its proposal. Offeror shall identify the status of past and present contracts where the firm has either provided services as a prime vendor or a subcontractor during the past five (5) years in which the contract has been the subject of or may be involved in litigation with the contracting authority. This includes, but is not limited to, claims, settlement agreements, arbitrations, administrative proceedings, and investigations arising out of the contract. Offeror shall have an ongoing obligation to update the Authority with any changes to the identified contracts and any new litigation, claims, settlement agreements, arbitrations, administrative proceedings, or investigations that arise subsequent to the submission of Offeror's proposal.

A separate form must be completed for each identified contract. Each form must be signed by the Offeror confirming that the information provided is true and accurate. Offeror is required to submit one copy of the completed form(s) as part of its proposals and it should be included in only the original proposal.

2. Proposal Exceptions and/or Deviations Form

Offerors shall complete the form entitled “Proposal Exceptions and/or Deviations” provided in this RFP and submit it as part of the original proposal. B. EVALUATION PROCEDURE

An evaluation committee will be appointed to review all proposals received for this RFP. The committee is comprised of Authority staff and may include outside personnel. The committee members will evaluate the written proposals using criteria identified in Section III A. A list of top-ranked proposals, firms within a competitive range, will be developed based upon the totals of each committee members' score for each proposal.

During the evaluation period, the Authority may interview some or all of the proposing firms. The Authority has established May 1, 2023, as the date to conduct interviews. All prospective Offerors are asked to keep this date available. No other interview dates will be provided, therefore, if an Offeror is unable to attend the interview on this date, its proposal may be eliminated from further discussion.

The interview may consist of a short presentation by the Offeror after which the evaluation committee will ask questions related to the firm's proposal and qualifications.

At the conclusion of the proposal evaluations, the evaluation committee will score the proposals to develop a competitive range. Offerors remaining within the competitive range may be asked to submit a Best and Final Offer (BAFO). In the BAFO request, the firms may be asked to provide additional information, confirm or clarify issues and submit a final cost/price offer. A deadline for submission will be stipulated.

At the conclusion of the evaluation process, the evaluation committee will recommend to Authority's management the Offeror whose proposal is most advantageous to the Authority.

C. AWARD

The Authority may also negotiate contract terms with the selected Offeror prior to award, and expressly reserves the right to negotiate with several Offerors simultaneously and, thereafter, to award a contract to the Offeror offering the most favorable terms to the Authority.

The Authority reserves the right to award its total requirements to one Offeror or to apportion those requirements among several Offerors as the Authority may deem to be in its best interest. In addition, negotiations may or may not be conducted with Offerors; therefore, the proposal submitted should contain Offeror's most favorable terms and conditions, since the selection and award may be made without discussion with any Offeror.

The selected Offeror will be required to submit to the Authority's Accounting department a current IRS W-9 form prior to commencing work.

D. NOTIFICATION OF AWARD AND DEBRIEFING

Offerors who submit a proposal in response to this RFP shall be notified via CAMM NET of the contract award. Such notification shall be made within three (3) business days of the date the contract is awarded.

Offerors who were not awarded the contract may obtain a debriefing concerning the strengths and weaknesses of their proposal. Unsuccessful Offerors, who wish to be debriefed, must request the debriefing in writing or electronic mail and the Authority must receive it within three (3) business days of notification of the contract award.

EXHIBIT A: SCOPE OF WORK

**SCOPE OF WORK
CONSULTANT SERVICES FOR TRANSPORTATION IMPROVEMENT PROGRAMS**

I. INTRODUCTION

The Orange County Transportation Authority (OCTA) requires, on an as-needed basis, a Consultant to provide transit project program management and coordination for community transit services and similar transit related programs provided through OCTA resources, including Measure M.

II. BACKGROUND

The Renewed Measure M Transportation Investment Plan is a 30-year, \$15 billion program designed to reduce traffic congestion, strengthen our economy and improve our quality of life by upgrading key freeways, fixing major freeway interchanges, maintaining streets and roads, synchronizing traffic signals countywide, guiding a visionary rail transit system and protecting our environment. Five percent (5%) of the measure is intended to enhance senior transportation programs and provide targeted, safe localized bus service.

The Community Based Transit/Circulators program, Project V in the Transportation Investment Plan for Measure M, provides funding for local agencies to develop and provide local bus transit services such as community based circulators, shuttles and bus trolley that complement regional bus and rail services and meet needs in areas not adequately served by regional transit. This program awards funds to local agencies on a competitive basis but has required match and performance criteria that must be achieved in order to continue to receive funding. OCTA issues Project V Calls for Projects approximately every two (2) to three (3) years.

The Safe Transit Stops program, Project W, provides for passenger amenities at the 100 busiest transit stops countywide. These funds are provided to agencies based on need through a formula with spending limits for each amenity. However, local agencies are still required to adhere to certain guidelines in order to be reimbursed for work. OCTA issues Project W Calls for Projects every two (2) to three (3) years.

In addition to Measure M programs that support local agency transit services, OCTA provides transit service on a contractual basis to several local agencies, such as the I-shuttle service for the City of Irvine.

III. EXPERIENCE REQUIRED

OCTA seeks a Consultant with knowledge and experience with managing and/or planning for transit services and transit projects is required. Understanding of competitive grant programs is also required. Providing coordination of transit services through multiple agencies and within agency divisions is preferred.

IV. SERVICES REQUIRED

The following services shall be performed by CONSULTANT:

1. Call for Projects

1.1. Application Workshop / Materials

CONSULTANT shall assist OCTA Project Manager with conducting a workshop for potential applicants. CONSULTANT shall provide support including preparation of workshop materials and outreach to local agencies. The specific details of the workshop materials will be discussed with and reviewed by OCTA Project Manager prior to the workshop.

Deliverable: Application Workshop Materials

1.2. Application Preparation Assistance

Under direction by OCTA Project Manager, CONSULTANT shall conduct one-on-one application meetings with local agencies. It is expected that (on an agreed upon date by OCTA Project Manager), CONSULTANT shall conduct cursory reviews of draft applications by local agencies. CONSULTANT shall contact each city to determine the number of applications the city will submit. These reviews may be scheduled over two (2) days at OCTA offices.

It is expected that the applicant, CONSULTANT and OCTA staff may meet and review draft applications. Each session will provide an opportunity for the applicant to ask questions regarding their applications. CONSULTANT and OCTA shall review and answer these questions either at the meeting or within a few days. CONSULTANT shall document inquiries and provide documentations to OCTA.

Deliverable: Meeting materials, meeting summaries, research and findings on questions raised during meetings, and recommendations and potential solutions to questions/issues raised during meetings.

2. Application Review

2.1. Application Submittal

When applications are submitted to OCTA, CONSULTANT shall review agency submittals and ensure that the required forms and information are submitted. CONSULTANT is expected to use a checklist to confirm the information submitted by the applicant. CONSULTANT shall note what information is incomplete or missing.

This checklist may be forwarded to OCTA Project Manager within two (2) weeks from the receipt of the applications. OCTA Project Manager may then authorize CONSULTANT to contact the agency and request the missing or incomplete information. As the missing or incomplete information is submitted to OCTA, CONSULTANT shall "log" this in a tracking checklist.

Deliverables

CONSULTANT shall prepare a tracking matrix of the agencies they have contacted during the application cycle, as well as an overview of application findings and recommendations for follow-up requests with applicants.

This matrix should include:

- Agency Name
- Agency Contact
- Application Title
- Date of Submittal
- Items Required (Submitted)
- Items Required (Incomplete)
- Total Score
- Total Funding Requested

2.2. Application Review

CONSULTANT shall review each application and check for "reasonableness" and accuracy of the information provided. "Reasonableness" requires that the data provided is within current industry prices, quantities or information. The information required will depend on the funding program. Examples of required information are:

- Cost Estimates – Review the project cost estimate to ensure it is consistent with the project scope. Additionally, checking of unit prices and quantities may be reviewed. Potential discrepancies and recommended changes may be noted and reported back to OCTA Project Manager.
- Proposed Route – Does the route make sense from a transit perspective? Does it service the right origins and destinations? Is the length too short or too long? Does it connect with other

services? Does it provide complementary services, or does it overlap with existing regional service?

- Ridership Assumptions and Estimates – Review the ridership assumptions to verify that they seem reasonable given the route and the community that it serves.
- Schedule – Confirm that the overall schedule is correct and feasible considering timeline for capital and operating activities. Does the transit service schedule appear to work?
- For Project W reviews, Consultant may be asked to review bus stop improvements and verify the application/project nomination is consistent with the guidelines.

Deliverable: Application review findings and recommendations technical memo.

2.3. Committee Support

CONSULTANT shall support OCTA in preparation of funding recommendation for the Technical Advisory Committee (TAC) and OCTA Board of Directors (Board) Transit Committee. CONSULTANT shall be prepared to answer technical questions regarding the scope, cost, schedule or eligibility of projects. Generally, OCTA Project Manager will identify potential issues in advance of each meeting, which will be discussed by the Committees. CONSULTANT shall be made aware of potential issues and questions in advance of the meeting to the best of the OCTA's ability.

However, each committee may have questions at each meeting which may require follow-up. If an immediate answer cannot be given, CONSULTANT shall research the question or request and prepare a response through OCTA Project Manager. It is expected that at least four (4) committee meetings per funding call shall be required. Generally, each meeting is expected to last about two (2) hours.

Deliverable: Meeting support materials as necessary, as well as any follow-up and/or presentation materials.

3. Ongoing Project Management

3.1 Cooperative Agreements or Letter Agreements – Development and Ongoing Management

CONSULTANT shall support OCTA in preparation of cooperative agreements and letter agreements to ensure that projects that are receiving OCTA funds are delivered consistent with the program guidelines and OCTA Board's direction.

CONSULTANT shall support OCTA in managing transit or similar service projects that are funded by OCTA. For most projects, OCTA provides funding to the local agency and the local agency hires a contracted service provider to provide transit or similar service. For several former projects, OCTA Transit Division provided the service.

For projects that are carried out through a service provider or by the local agency directly, CONSULTANT shall provide support by ensuring that the parameters of the agreement are being met and the local agency is delivering the scope of work as promised. CONSULTANT shall also review operating statistics and reimbursement requests to ensure that the information that is being submitted is consistent with the requirements outlined in guidelines and the agreement. CONSULTANT shall be asked to provide analysis of data provided by the local agency. CONSULTANT shall be asked to advise the local agency in ways to improve service performance.

For projects that are provided to the local agency through OCTA's Transit Division, CONSULTANT shall be the primary liaison between the local agency and any OCTA Divisions and staff that are involved in providing service or any other services as outlined in the cooperative agreement. CONSULTANT is expected to proactively manage these agreements and coordinate responses on behalf of OCTA.

Deliverable: Preparation of cooperative agreements, cooperative agreement adherence and project management, Project V services performance data, analysis of Project V services performance data and recommendations for potential service improvements, and regular interaction with Project V grant recipients, as needed.

3.2 Quarterly and Semi-Annual Reviews and Reports

CONSULTANT shall assist in the review and analysis of periodic reports and develop staff reports to be presented to Management, the Transit Committee and the OCTA Board. CONSULTANT shall be asked to present findings and answer questions of Management, the OCTA Transit Committee or the OCTA Board. CONSULTANT shall be asked to analyze if improvements could be made that would result in increased ridership that would allow the local agency to meet the requirements of the funding program.

Deliverable: Review and analysis of reports as appropriate and development of recommendations to support Project V services performance improvements and changes as identified in staff reports.

4. Additional Programs

OCTA provides funding to local agencies for a Senior Mobility program. While this program is not envisioned to be part of the current scope of work, OCTA may request in the future to add this scope into CONSULTANT agreement in the future. Also, OCTA provides service to the City of Irvine through a special agreement meant to pay for and deliver transit services in return for Proposition 116 funds that were used along the LOSSAN rail corridor in Orange County. CONSULTANT may be asked to be the primary OCTA liaison with the City of Irvine for this project and to coordinate the requirements of that agreement and the service being provided by OCTA.

Deliverable: General project management support, cooperative agreement(s) adherence and reporting, and technical support as needed to support successful implementation of these services, as envisioned in cooperative agreements.

5. Administration

CONSULTANT shall assign a dedicated Project Manager at the time of the contract award. Project Manager shall be responsible for the activities as defined in the scope of work. No other individual shall replace Project Manager without prior OCTA approval. Project Manager may be asked to work at the OCTA offices on an as needed basis from time to time in order to ensure that internal coordination is being maintained.

Deliverable: Invoicing, schedule development and adherence, and various other as needed administrative tasks.

5.1. Status Reports

CONSULTANT shall prepare and furnish weekly status reports to OCTA in a format agreed upon between CONSULTANT and OCTA Project Manager. The reports shall include status of application review, status of any workshops taking place, any meetings conducted, or significant issues requiring OCTA or local agencies' attention, etc. The report shall also include percent complete of each task and outstanding items.

Deliverable: regular status report (biweekly or monthly)

5.2. OCTA Project Manager Meetings

OCTA Project Manager and CONSULTANT shall establish a regular process to meet and exchange information. Arrangements shall be mutually agreed to by both parties, but CONSULTANT Project Manager is expected to be at least as frequent as once every other week. These meetings may include the specific assignments and activities depending on the schedule and tasks. At least once a month, Consultant shall review the status report with OCTA Project Manager at one of these meetings.

Deliverable: Meeting materials to support one on one meetings and provide general status overview of assigned work tasks and project management efforts.

6. Confidentiality

CONSULTANT shall not disclose any information related to the potential funding of applications. All ranking and funding allocations are subject to change prior to OCTA Board approval.

LIMITATION ON GOVERNMENTAL DECISIONS

Nothing contained in this scope of work permits Consultant 's personnel to authorize or direct any actions, votes, appoint any person, obligate, or commit OCTA to any course of action or enter into any contractual agreement on behalf of OCTA .
