- c. The Authority reserves the right to issue a new RFP for the project.
- d. The Authority reserves the right to postpone proposal openings for its own convenience.
- e. Each proposal will be received with the understanding that acceptance by the Authority of the proposal to provide the services described herein shall constitute a contract between the Offeror and Authority which shall bind the Offeror on its part to furnish and deliver at the prices given and in accordance with conditions of said accepted proposal and specifications.

- f. The Authority reserves the right to investigate the qualifications of any Offeror, and/or require additional evidence of qualifications to perform the work.
- g. Submitted proposals are not to be copyrighted.

G. PRE-CONTRACTUAL EXPENSES

The Authority shall not, in any event, be liable for any pre-contractual expenses incurred by Offeror in the preparation of its proposal. Offeror shall not include any such expenses as part of its proposal.

Pre-contractual expenses are defined as expenses incurred by Offeror in:

- 4. Any other expenses incurred by Offeror prior to date of award, if any, of the Agreement.

H. JOINT OFFERS

Where two or more firms desire to submit a single proposal in response to this RFP, they should do so on a prime-subcontractor basis rather than as a joint venture. The Authority intends to contract with a single firm and not with multiple firms doing business as a joint venture.

I. TAXES

Offerors' proposals are subject to State and Local sales taxes. However, the Authority is exempt from the payment of Federal Excise and Transportation Taxes. Offeror is responsible for payment of all taxes for any goods, services, processes and operations incidental to or involved in the contract.

J. PROTEST PROCEDURES

The Authority has on file a set of written protest procedures applicable to this solicitation that may be obtained by contacting the Contract Administrator responsible for this procurement. Agreement will be for a three (3)-year initial term with two (2), one (1)-year option terms.

L. CONFLICT OF INTEREST

All Offerors responding to this RFP must avoid organizational conflicts of interest which would restrict full and open competition in this procurement. An organizational conflict of interest means that due to other activities, relationships or contracts, an Offeror is unable, or potentially unable to render impartial assistance or advice to the Authority; an Offeror's objectivity in performing the work identified in the Scope of Work is or might be otherwise impaired; or an Offeror has an unfair competitive advantage. Conflict of Interest issues must be fully disclosed in the Offeror's proposal.

All Offerors must disclose in their proposal and immediately throughout the course of the evaluation process if they have hired or retained an advocate to lobby Authority staff or the Board of Directors on their behalf.

Offerors hired to perform services for the Authority are prohibited from concurrently acting as an advocate for another firm who is competing for a contract with the Authority, either as a prime or subcontractor.

M. CODE OF CONDUCT

All Offerors agree to comply with the Authority's Code of Conduct as it relates to Third-Party contracts which is hereby referenced and by this reference is incorporated herein. All Offerors agree to include these requirements in all of its subcontracts.

N. OWNERSHIP OF RECORDS/PUBLIC RECORDS ACT

All proposals and documents submitted in response to this RFP shall become the property of the Authority and a matter of public record pursuant to the California Public Records Act, Government Code sections 6250 et seq. (the "Act"). Offerors should familiarize themselves with the provisions of the Act requiring disclosure of public information. Offerors are discouraged from marking their proposal documents as "confidential" or "proprietary."

If a Proposal does include "confidential" or "proprietary" markings and the Authority receives a request pursuant to the Act, the Authority will endeavor (but cannot guarantee) to notify the Offeror of such a request. In order to protect any information submitted within a Proposal, the Offeror must pursue, at its sole cost and expense, any and all appropriate legal action necessary to maintain the confidentiality of such information. The Authority generally does not consider pricing information, subcontractor lists, or key personnel, including resumes, as being exempt from disclosure under the Act. In no event shall the Authority or any of its officers, directors, employees, agents, representatives, or consultants be

liable to a Offeror for the disclosure of any materials or information submitted in response to the RFP or by failing to notify a Offeror of a request seeking its Proposal. The Authority reserves the right to make an independent decision to disclose records and material.

Notwithstanding the above, all information regarding proposal responses will be held as confidential until such time as the evaluation has been completed; an award has been made by the Board of Directors or Authority Staff, as appropriate; and the contract has been fully negotiated.

O. STATEMENT OF ECONOMIC INTERESTS

The awarded Offeror (including designated employees and subconsultants) may be required to file Statements of Economic Interests (Form 700) in accordance with the Political Reform Act (Government Code section 81000 et seq.). This applies to individuals who make, participate in making, or act in a staff capacity for making governmental decisions. The AUTHORITY determines which individuals are required to file a Form 700, and if such determination is made, the individuals must file Form 700s with the AUTHORITY's Clerk of the Board no later than 30 days after the execution of the Agreement, annually thereafter for the duration of the Agreement, and within 30 days of termination of the Agreement.

- (2) Provide a general description of the firm's financial condition and identify any conditions (e.g., bankruptcy, pending litigation, planned office closures, impending merger) that may impede Offeror's ability to complete the project.
- (3) Describe the firm's experience in performing work of a similar nature to that solicited in this RFP, and highlight the participation in such work by the key personnel proposed for assignment to this project.
- (4) Identify subcontractors by company name, address, contact person, telephone number, email, and project function. Describe Offeror's experience working with each subcontractor.
- (5) Identify all firms hired or retained to provide lobbying or advocating services on behalf of the Offeror by company name, address, contact person, telephone number and email address. This information is required to be provided by the Offeror immediately during the evaluation process, if a lobbyist or advocate is hired or retained.
- (6) Provide as a minimum three (3) references for the projects cited as related experience, and furnish the name, title, address, telephone number, and email address of the person(s) at the client organization who is most knowledgeable about the work performed. Offeror may also supply references from other work not cited in this section as related experience.

This section of the proposal should establish the method, which will be used by the Offeror to manage the project as well as identify key personnel assigned.

Offeror to:

- (1) Identify key personnel proposed to perform the work in the specified tasks and include major areas of subcontract work. Include the person's name, current location, proposed position for this project, current assignment, level of commitment to that assignment, availability for this assignment and how long each person has been with the firm.

c. Work Plan

Offeror should provide a narrative, which addresses the Scope of Work, and shows Offeror's understanding of Authority's needs and requirements.

Offeror to:

- (1) Describe the approach to completing the work specified in the Scope of Work. The approach to the work plan shall be of such detail to demonstrate the Offeror's ability to accomplish the project objectives and overall schedule.

d. Exceptions/Deviations

State any technical and/or contractual exceptions and/or deviations from the requirements of this RFP, including the Authority's technical requirements and contractual terms and conditions set forth in the Scope of Work (Exhibit A) and Proposed Agreement (Exhibit C), using the form entitled "Proposal Exceptions and/or Deviations" included in this RFP. This Proposal Exceptions and/or Deviations form must be included in the original proposal submitted by the Offeror. If no technical or contractual exceptions and/or deviations are submitted as part of the original proposal, Offerors are deemed to have accepted the Authority's technical requirements and contractual terms and conditions set forth in the Scope of Work (Exhibit A) and Proposed Agreement (Exhibit C). Offerors will not be allowed to submit the Proposal Exceptions and/or Deviations form or any technical and/or contractual exceptions after the proposal submittal date identified in the RFP. Exceptions and/or deviations submitted after the proposal submittal date will not be reviewed by Authority.

All exceptions and/or deviations will be reviewed by the Authority and will be assigned a "pass" or "fail" status. Exceptions and deviations that "pass" do not mean that the Authority has accepted the change but that it is a potential negotiable issue. Exceptions and deviations that receive a "fail" status means that the requested change is not something that the Authority would consider a potential negotiable issue. Offerors that receive a "fail" status on their exceptions and/or deviations will be notified by the Authority and will be allowed to retract the exception and/or deviation and continue in the evaluation process. Any exceptions and/or deviation that receive a "fail" status and the Offeror cannot or does not retract the requested change may result in the firm being eliminated from further evaluation.

4. Cost and Price Proposal

As part of the cost and price proposal, the Offeror shall submit proposed pricing to provide the services for each work task described in Exhibit A, Scope of Work.

The Offeror shall complete the "Price Summary Sheet" form included with this RFP (Exhibit B), and furnish any narrative required to explain the prices quoted in the schedules. It is anticipated that the Authority will issue a time and expense-price contract specifying fully burdened labor rates and anticipated expenses to complete the Scope of Work.

5. Appendices

Information considered by Offeror to be pertinent to this project and which has not been specifically solicited in any of the aforementioned sections may be placed in a separate appendix section. Offerors are cautioned, however, that this does not constitute an invitation to submit large amounts of extraneous materials. Appendices should be relevant and brief.

B. FORMS

1. Campaign Contribution Disclosure Form

In conformance with the statutory requirements of the State of California Government Code Section 84308, part of the Political Reform Act and Title 2, California Code of Regulations 18438 through 18438.8, regarding campaign contributions to members of appointed Board of Directors, Offeror is required to complete and sign the Campaign Contribution Disclosure Form provided in this RFP and submit as part of the proposal.

This form **must** be completed regardless of whether a campaign contribution has been made or not and regardless of the amount of the contribution.

The prime contractor, subconsultants, lobbyists and agents are required to report all campaign contributions made from the proposal submittal date up to and until the Board of Directors makes a selection.

2. Status of Past and Present Contracts Form

Offeror shall complete and sign the form entitled "Status of Past and Present Contracts" provided in this RFP and submit as part of its proposal. Offeror shall identify the status of past and present contracts where the firm has either provided services as a prime vendor or a subcontractor during the past five (5) years in which the contract has been the subject of or may be involved in litigation with the contracting authority. This includes, but is not limited to, claims, settlement agreements, arbitrations, administrative proceedings, and investigations arising out of the contract. Offeror shall have an ongoing obligation to update the Authority with any changes to the identified contracts and any new litigation, claims, settlement agreements, arbitrations, administrative proceedings, or investigations that arise subsequent to the submission of Offeror's proposal.

A separate form must be completed for each identified contract. Each form must be signed by the Offeror confirming that the information provided is true and accurate. Offeror is required to submit one copy of the completed

form(s) as part of its proposals and it should be included in only the original proposal.

3. Proposal Exceptions and/or Deviations Form

Offerors shall complete the form entitled "Proposal Exceptions and/or Deviations" provided in this RFP and submit it as part of the original proposal. For each exception and/or deviation, a new form should be used, identifying the exception and/or deviation and the rationale for requesting the change. Exceptions and/or deviations submitted after the proposal submittal date will not be reviewed nor considered by the Authority.

- 3. Work Plan 25%**

 Depth of Offeror's understanding of Authority's requirements and overall quality of work plan; logic, clarity and specificity of work plan; appropriateness of resource allocation among the tasks; reasonableness of proposed schedule; utility of suggested technical or procedural innovations.
- 4. Cost and Price 25%**

 Reasonableness of the hourly rates; competitiveness with other offers received; adequacy of data in support of figures quoted.

B. EVALUATION PROCEDURE

An evaluation committee will be appointed to review all proposals received for this RFP. The committee is comprised of Authority staff and may include outside personnel. The committee members will evaluate the written proposals using criteria identified in Section III A. A list of top-ranked proposals, firms within a competitive range, will be developed based upon the totals of each committee members' score for each proposal.

During the evaluation period, the Authority may interview some or all of the proposing firms. The Authority has established August 24, 2023, as the date to conduct interviews. All prospective Offerors are asked to keep this date available. No other interview dates will be provided, therefore, if an Offeror is unable to attend the interview on this date, its proposal may be eliminated from further discussion. The interview may consist of a short presentation by the Offeror after which the

evaluation committee will ask questions related to the firm's proposal and qualifications.

At the conclusion of the proposal evaluations, the evaluation committee will score the proposals to develop a competitive range. Offerors remaining within the competitive range may be asked to submit a Best and Final Offer (BAFO). In the BAFO request, the firms may be asked to provide additional information, confirm or clarify issues and submit a final cost/price offer. A deadline for submission will be stipulated.

At the conclusion of the evaluation process, the evaluation committee will recommend to the Regional Transportation Planning Committee, the Offeror with the highest final ranking or a short list of top ranked firms within the competitive range whose proposal(s) is most advantageous to the Authority. The Board Committee will review the evaluation committee's recommendation and forward its recommendation to the Board of Directors for final action.

C. AWARD

The Authority's Board of Directors will consider the selection of the firm(s) recommended by the Board Committee.

The Authority may also negotiate contract terms with the selected Offeror prior to award, and expressly reserves the right to negotiate with several Offerors simultaneously and, thereafter, to award a contract to the Offeror offering the most favorable terms to the Authority.

Offeror acknowledges that the Authority's Board of Directors reserves the right to award this contract in its sole and absolute discretion to any Offeror to this RFP regardless of the evaluation committee's recommendation or recommendation of a Board Committee.

The Authority reserves the right to award its total requirements to one Offeror or to apportion those requirements among several Offerors as the Authority may deem to be in its best interest. In addition, negotiations may or may not be conducted with Offerors; therefore, the proposal submitted should contain Offeror's most favorable terms and conditions, since the selection and award may be made without discussion with any Offeror.

The selected Offeror will be required to submit to the Authority's Accounting department a current IRS W-9 form prior to commencing work.

D. NOTIFICATION OF AWARD AND DEBRIEFING

Offerors who submit a proposal in response to this RFP shall be notified via CAMM NET of the contract award. Such notification shall be made within three (3) business days of the date the contract is awarded.

Offerors who were not awarded the contract may obtain a debriefing concerning the strengths and weaknesses of their proposal. Unsuccessful Offerors, who wish to be debriefed, must request the debriefing in writing or electronic mail and the Authority must receive it within three (3) business days of notification of the contract award.

EXHIBIT A: SCOPE OF WORK

SCOPE OF WORK

COMPREHENSIVE TRANSPORTATION FUNDING PROGRAMS INVOICING & FINAL ENGINEERING REPORTING REVIEW

1.0 Introduction

The Orange County Transportation Authority (OCTA) requires, on an as-needed basis, an engineering Consultant (Consultant) to assist OCTA staff in reviewing project cost components based on project applications, design and final reports for the Measure M2 (M2) Streets and Roads Programs, the Regional Capacity Program (Project O), the Regional Traffic Signal Synchronization Program (Project P), Safe Transit Stop Program (Project W) and the Environmental Cleanup Program (Project X). Consultant may also be asked to identify eligible costs for construction based on final design and the program guidelines.

Consultant shall review project final payment requests and supporting documentation for accuracy. This includes reviewing for agreement with original funding applications, cost estimates, final design components, allocations, back-up documentation for verification of payment and project scopes. This also involves a review of preliminary plans for consistency with industry standards, OCTA funding agreements, and OCTA procedural guidelines, as well as reviewing project right-of-way acquisitions to determine if excess right-of-way remains.

2.0 Background

OCTA administers the M2 Comprehensive Transportation Funding Programs (CTFP). The M2 CTFP Regional Capacity Program (Project O) encompasses three (3) different transportation funding programs as follows:

- Arterial Capacity Enhancements (ACE)
- Intersection Capacity Enhancements (ICE)
- Freeway/Arterial Street Transitions (FAST)

Other CTFP Programs include the Regional Traffic Signal Synchronization Program (Project P), Safe Transit Stop Program (Project W), the Community Based Transit/Circulators (Project V), and the Environmental Cleanup Program (Project X). These programs allocate M2 funding to CTFP eligible local agencies during various calls for projects, which are subject to funding availability.

In most cases, upon award of a contract, the local agency is eligible to request an initial payment up to seventy-five percent (75%) of the total project allocation or contract award amount (whichever is less) based on verification of contract award, typically managed by regular OCTA staff. The Safe Transit Stop Program (Project W) and the Community Based Transit/Circulators Program (Project V) are administered on a reimbursement basis. Review of design and construction elements of transit facilities

would be part of the scope of work for Consultant. All transit services and capital purchases are typically reviewed by OCTA's M2 Local Programs and through a Transit consultant. From time to time, Consultant may be asked to review Project V invoices to confirm agencies have provided the required documentation and for accuracy. These activities should not require special knowledge of transit services and operations.

Once the project phase has been completed, a local agency submits a final report, payment request, and required back-up documentation to OCTA. This final report is reviewed by OCTA's M2 Local Programs staff for accuracy and agreement with the originally approved project. If the project has been implemented as proposed, then a final payment for the eligible balance of the allocation is released to the agency.

3.0 Services Required

The following services shall be performed by an engineering Consultant:

3.1 General Requirements

Consultant effort shall be on an as-needed basis, with no guarantee of usage. If requested by OCTA, Consultant shall work closely with both OCTA and local agency staff (or other designated project representatives), to obtain specific project information in the required format and verify the accuracy of the content of final project reports. The CTFP Guidelines shall be used as the primary reference for final payment/project closeout procedures. However, other applicable M2 governing documents may also need to be consulted at the direction of the OCTA project manager.

Consultant may occasionally be asked to assist staff in reviewing certain initial payment requests. This will typically occur in cases where initial payment request is a large dollar amount, there are questions regarding the scope of work (i.e., the project was awarded as part of a larger project), where significant right-of-way acquisition is involved or where non-traditional procurements have occurred.

Consultant, in some instances, may also be asked to review final design elements to verify which items may or may not be eligible for reimbursement before the local agency starts construction or at the start of construction.

Inconsistencies or discrepancies found with the final reports as identified in the CTFP Guidelines should be identified on a Consultant Review Report form and shall be fully explained and documented. Consultant shall provide recommendations to correct these inconsistencies or discrepancies in an objective, detailed, and technically defensible manner.

The Consultant Review Report form format will be developed in consultation with OCTA staff.

3.2 Final Project Report Review

3.2.1 Contract Cost Reporting Form

Consultant shall review contract costs for appropriate level of detail, accuracy, and relevance to the original project application cost estimate. Line item costs should correspond to originally proposed tasks in terms of unit cost and quantity. Major items listed in final cost reporting must have been included in the original cost estimate to be eligible for funding. Eligible, ineligible, and shared costs should be clearly identified on the cost reporting form. The originally proposed local match requirement must also be met. Consultant shall ensure that the following items are in accordance with the CTFP Guidelines on all projects:

- Proper documentation supporting any additional funding or change orders must be included in each final report.
- Each project phase is itemized and broken out with separate divisions of costs and invoices to reflect the costs of each phase.
- Major items listed in final cost reporting should be included in the original cost estimate to be eligible for funding.
- Construction and/or project management cannot exceed fifteen percent (15%) of the total construction costs.
- Extra work items must be explained and justified as essential for project completion.
- Excess Right-of-Way is properly documented, and a disposal plan is in place.

Should the applicant's division of costs fail to meet the above criteria, or not be reasonable, Consultant shall identify the discrepancies and, as requested by OCTA, contact the affected agency.

3.2.2 Adherence to Program Requirements

All final reports submitted by local agencies are required to include the information outlined in the CTFP Guidelines. Final reports' contents are to adhere to both initial and final payment requirements to be eligible for final reimbursement.

Consultant shall ensure that each agency has prepared the submitted final report for projects in the format required per the CTFP Guidelines. Consultant shall notify OCTA in a Consultant Review Report Form of any non-conformance on an individual project basis.

It is expected that the content of each final project file has complete documentation as outlined in the CTFP Guidelines, in both the initial payment process and the final funding process.

Consultant shall provide staff with recommendations to correct inconsistencies or discrepancies in a written format for each project.

3.2.3 Technical Support

To provide the needed technical support, Consultant shall be a registered Professional Engineer with a working knowledge of the issues related to streets and roads projects. Consultant shall provide on-call technical assistance with reviewing streets and roads projects and applications including, but not limited to, assistance with review of CTFP Guidelines and recommending changes and conducting workshops to provide guidance to local agencies in preparing final reports.

3.3 Time Requirements/Volume

3.3.1 Time Requirements

It is expected that the average review time required for one (1) CTFP final project report, including coordination with local agencies, will be approximately six to eight (6-8) hours. It is expected that the average review time required for one (1) CTFP initial payment package will be two to three (2-3) hours.

3.3.2 Volume

While OCTA does not guarantee a minimum or a maximum amount of work, past practice indicates an average of ten to twelve (10-12) final report reviews or sixty to eighty (60-80) hours of on-call technical support per month, approximately seven hundred to eight hundred (700-800) hours per year. This work was previously provided through one (1) consultant, but the workload has doubled and now warrants the hiring multiple consultants. Due to the increase in volume, OCTA expects the continued workload for each Consultant to be the same as noted above. Consultants will be expected to check in and deliver work on a weekly basis.

3.4 Deliverables

All data and documents produced shall be subject to approval and acceptance by OCTA. In the event of non-acceptance due to errors, omissions, or comments by OCTA, Consultant shall have four (4) working days to make corrections.

3.4.1 Review of Reports

Consultant shall provide OCTA, confirmation of work on assigned project reports within four (4) working days of receiving the assignment.

3.4.2 Report Tracking Form

Consultant shall complete an Engineer Review Form (Attachment A) for all project reports which have been assigned. The project report form allows for comments on the project and the identification of the recommended amount of funding to be released.

3.5 Other Requirements

The following are additional assistance items that shall be required of Consultant.

3.5.1 Meetings

Consultant shall meet with OCTA for pre-work conferences as required or as needed for meetings with local agencies. Consultant shall each provide a person exercising responsible charge of the report review project. Consultants shall meet with or contact OCTA as needed to discuss CTFP funding procedures and progress on the project reports and applications assigned for review. Consultant shall be available to answer questions and explain findings to both OCTA staff and local jurisdictions staff through in-person and/or virtual meetings and via writing. Consultant shall be available for meetings in-person or virtually, at the discretion of OCTA.

3.5.2 Status Report

Consultant shall provide monthly status reports to OCTA commencing one (1) month from the date Consultant initiates work on project report packages. Status reports shall identify problems or issues that may require OCTA clarification or assistance for timely completion of reviews.

3.5.3 Conflict of Interest

Upon receiving an assignment from OCTA, Consultant shall immediately disclose in writing to OCTA project manager any known or potential conflicts of interest that could influence or appear to influence their quality of judgment or review in completing the task. For projects with a disclosed conflict of interest from Consultant, OCTA project manager shall coordinate with Consultant on an alternative and/or comparable assignment.

3.5.4 Working Conditions

All Consultant report reviews will generally be done at the OCTA offices, as appropriate, at 600 South Main Street, Orange, California, 92868. Review consists of a combination of original hardcopy paper files and electronic files at the discretion of OCTA staff. As part of the technical review, Consultant may

occasionally be asked to travel to the project site to conduct a field review.

4.0 LIMITATION ON GOVERNMENTAL DECISIONS

Nothing contained in this scope of work permits Consultant 's personnel to authorize or direct any actions, votes, appoint any person, obligate, or commit OCTA to any course of action or enter into any contractual agreement on behalf of OCTA. In addition, Consultant's personnel shall not provide information, an opinion, or a recommendation for the purpose of affecting a decision without significant intervening substantive review by OCTA personnel, counsel, and management.

CAMPAIGN CONTRIBUTION DISCLOSURE FORM

Information Sheet

ORANGE COUNTY TRANSPORTATION AUTHORITY

The attached Campaign Contribution Disclosure Form must be completed by applicants for, or persons who are the subject of, any proceeding involving a license, permit, or other entitlement for use pending before the Board of Directors of the OCTA or any of its affiliated agencies. (Please see next page for definitions of these terms.)

IMPORTANT NOTICE

Basic Provisions of Government Code Section 84308

- A. If you are an applicant for, or the subject of, any proceeding involving a license, permit, or other entitlement for use, you are prohibited from making a campaign contribution of more than \$250 to any board member or his or her alternate. This prohibition begins on the date your application is filed or the proceeding is otherwise initiated, and the prohibition ends three months after a final decision is rendered by the Board of Directors. In addition, no board member or alternate may solicit or accept a campaign contribution of more than \$250 from you during this period.
- B. These prohibitions also apply to your agents, and, if you are a closely held corporation, to your majority shareholder as well. These prohibitions also apply to your subcontractor(s), joint venturer(s), and partner(s) in this proceeding. Also included are parent companies and subsidiary companies directed and controlled by you, and political action committees directed and controlled by you.
- C. You must file the attached disclosure form and disclose whether you or your agent(s) have in the aggregate contributed more than \$250 to any board member or his or her alternate during the 12-month period preceding the filing of the application or the initiation of the proceeding.
- D. If you or your agent have in the aggregate contributed more than \$250 to any individual board member or his/or her alternate during the 12 months preceding the decision on the application or proceeding, that board member or alternate must disqualify himself or herself from the decision. However, disqualification is not required if the board member or alternate returns the campaign contribution within 30 days from the time the director knows, or should have known, about both the contribution and the fact that you are a party in the proceeding. The Campaign Contribution Disclosure Form should be completed and filed with your proposal, or with the first written document you file or submit after the proceeding commences.

1. A proceeding involving "a license, permit, or other entitlement for use" includes all business, professional, trade and land use licenses and permits, and all other entitlements for use, including all entitlements for land use, all contracts (other than competitively bid, labor or personal employment contracts), and all franchises.
2. Your "agent" is someone who represents you in connection with a proceeding involving a license, permit or other entitlement for use. If an individual acting as an agent is also acting in his or her capacity as an employee or member of a law, architectural, engineering, consulting firm, or similar business entity, both the business entity and the individual are "agents."
3. To determine whether a campaign contribution of more than \$250 has been made by you, campaign contributions made by you within the preceding 12 months must be aggregated with those made by your agent within the preceding 12 months or the period of the agency, whichever is shorter. Contributions made by your majority shareholder (if a closely held corporation), your subcontractor(s), your joint venturer(s), and your partner(s) in this proceeding must also be included as part of the aggregation. Campaign contributions made to different directors or their alternates are not aggregated.
4. A list of the members and alternates of the Board of Directors is attached.

This notice summarizes the major requirements of Government Code Section 84308 of the Political Reform Act and California Code of Regulations, Title 2 Sections 18438-18438.8.
